

PEEHIP Prior Authorization Drug List

MedImpact

A Prior Authorization (PA) must be completed and submitted by your doctor's office for the medications shown on this list. MedImpact, administrator of PEEHIP's prescription drug benefit, may approve the PA if your doctor's office provides clinical information that warrants the use of the medication. Without an approved PA, the claim will be rejected and the member will be required to pay the full price of the medication. An approved PA is effective for up to a 12 month period. Your doctor's office can call MedImpact at the PEEHIP-exclusive Prior Authorization Department at 1-800-347-5841 to complete the PA review by phone, or to request a PA form. The completed PA form can be faxed to MedImpact at 1-877-606-0728. MedImpact will automatically notify the physician of the decision to approve or deny the PA.

KEY: Copays are \$6 for generics, **\$40 for formulary (preferred) drugs**, and \$60 for nonformulary (nonpreferred) drugs.
