

Change of Address

Having your current home mailing address on file with the TRS is very important. Many important documents are mailed to each member such as your [Advisor](#), TRS Board of Control Election ballots, Annual Statement of Account, and RSA-1 statement.

You may change your address through [Member Online Services](#) on our Web site. You will need to set up a User ID and Password to log in.

You can also change your address in writing, with signature, either by letter or [ADDRESS CHANGE NOTIFICATION](#) form. The change of address form can be obtained from our Web site or requested from Member Services. Address changes cannot be made through email or over the phone.
