OPTIONAL COVERAGES

There are four optional plans offered through the Public Education Employees' Health Insurance Program (PEEHIP). Claims administration is provided through Southland Benefit Solutions. All optional coverages must be retained for the entire insurable year, i.e. until the end of September 30. New employees employed during the open enrollment period cannot enroll in the optional plan(s) on their date of employment and cancel the plans October 1 of that same year. **If a member is enrolled in more than one of the optional coverages, the contracts must be all family or all single plans.** Members enrolled in family optional plan(s) cannot change to single optional plan(s) outside of the open enrollment period unless **all** dependent(s) become ineligible due to age, death or divorce.

Dental Plan

This plan covers diagnostic and preventative services, as well as basic and major dental services. Diagnostic and preventative services are not subject to a deductible and are covered at 100% (based on Alabama reasonable and customary charges) -- oral examinations, cleaning of teeth, fluoride applications for insured children to age 19, space maintainers, x-rays, and emergency office visits. Routine cleaning visits are limited to two times per plan year. Basic and major services are covered at 80% for individual coverage and 60% for family coverage with \$25 deductible for family coverage (based on Alabama reasonable and customary charges) -- fillings, general anesthetics, oral surgery not covered under a Group Medical Program, periodontics, endodontics, dentures, bridgework, and crowns. The family coverage deductible for basic and major services is applied per person, per plan year with a maximum of three (3) per family.

The dental plan administered by Southland will continue to offer a dental network program known as "DentaNet." Under the DentaNet program members have the opportunity to use network dentists and save money. However, members enrolled in the dental plan still have the freedom to use any dentist.

All dental services are subject to a maximum of \$1,250 per year for individual coverage and \$1,000 per person per year for family coverage. **Dental coverage does not cover pre-existing dentures or bridgework, neither does it provide orthodontia benefits. The dental coverage does not cover the replacement of natural teeth removed before a member's coverage is effective.** This plan does not cover temporary partials, implants and temporary crowns.

Cancer Plan

This plan covers cancer disease only. Other diseases and accidents are not covered. Benefits are provided regardless of other insurance. Benefits are paid directly to the insured unless assigned. Coverage provides \$250 per day for the first 90 consecutive days of hospital confinement, \$500 per day thereafter. Actual surgical charges are paid up to the amounts in the surgical schedule. The lifetime maximum benefit for radiation and chemotherapy coverage is \$10,000. This benefit covers actual charges for cobalt therapy, x-ray therapy, or chemotherapy injections (excluding diagnostic tests). Benefits are also provided for Hospice care, anesthesia, blood and plasma, nursing services, attending physician, prosthetic devices, and ambulance trips. Leukemia to pay a maximum of \$5000 per year for blood and plasma.

Hospital Indemnity Plan

This plan provides a per day benefit when the insured is confined as an in-patient in the hospital. In-hospital benefits (per day) under this plan do not cover charges for out-patient, same day surgery unless the insured is admitted on an in-patient basis and charged for a private or semi-private room, or for an observation room for a period of more than 24 continuous hours. The In-Hospital Benefit is \$150.00 per day for individual coverage and \$75.00 per day for family coverage. It also provides a per day benefit for intensive care (\$300/\$150), and convalescent care (\$150/\$75). In addition, there is supplemental accident coverage. **The reimbursement for accident(s) is limited to a maximum of \$1,000.00 per plan per year for each covered individual.**

Inclusive in the \$1,000.00 maximum benefit, per covered individual per plan year, are covered charges due to, or for, treatment of accidental injury by adjustment or manipulation of the spine or soft tissues.

The policy will pay for either glasses or contacts, but not both in any plan year. **The PEEHIP Vision Care Plan is not a network plan; therefore, members are able to utilize any eyecare professional and receive the same level of benefits.** However, when members elect any one of PEEHIP's optional plans (vision, dental, cancer, or indemnity), they are also eligible to receive savings through VisionChoice®. VisionChoice® is an eyecare savings plan designed to save members money on a wide array of vision products and services! VisionChoice® eliminates eyecare sticker shock because participating providers have agreed to offer their services at prices considerably lower than their normal fees.

WHY YOU SHOULD USE THE “DENTANET” NETWORK OF DENTISTS...

DentaNet, the dental network provided by Southland Benefit Solutions offers PEEHIP members and their families the largest independent statewide network of preferred dentists. Although members can choose any dentist they like, using a DentaNet dentist saves PEEHIP members money.

DentaNet dentists do not balance bill PEEHIP members the difference between the DentaNet negotiated fee schedule and what they normally charge. Additionally, services that require a co-pay, are also based on the DentaNet negotiated fee schedule...so PEEHIP members will save all the way around.
