Humana®

[1]Humana Inc. 2019 Annual Report, February 2020

Humana is a Medicare Advantage PPO plan with a Medicare contract. Enrollment in this Humana plan depends on contract renewal. Call **1-800-747-0008 (TTY: 711)** for more information.

Limitations on telehealth services, also referred to as virtual visits or telemedicine, vary by state. These services are not a substitute for emergency care and are not intended to replace your primary care provider or other providers in your network. Any descriptions of when to use telehealth services is for informational purposes only and should not be construed as medical advice. Please refer to your evidence of coverage for additional details on what your plan may cover or other rules that may apply.

Out-of-network/non-contracted providers are under no obligation to treat plan members, except in emergency situations. Please call our customer service number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services.

Humana®

PEEHIP

Human care is just the way things ought to be

Since 1987, we've helped seniors get their Medicare coverage. That's more than 8.5 million people we've listened to, gotten to know and supported in ways big and small. We look forward to caring for you.

What to expect after you enroll

Enrollment confirmation

You'll receive a letter from Humana once the Centers for Medicare & Medicaid Services (CMS) confirms your enrollment.

Humana member ID card

Your Humana member ID card will arrive in the mail approximately 2 weeks after you are enrolled.

Evidence of Coverage (EOC)

This detailed booklet about your healthcare coverage with your plan will arrive in the mail. This will also include your privacy notice.

Medicare health survey

CMS requires Humana to ask new members to complete a health survey within their first few months of enrollment. Be on the lookout for information on how to access the survey. Your answers will help us better serve your health needs.

Everyone deserves a more human way to healthcare

Humana Group Medicare Advantage PPO plan

Dear PEEHIP Group Medicare Retiree,

We're excited to let you know that **Public Education Employees' Health Insurance Plan (PEEHIP)** has asked Humana to offer you a Medicare Advantage and Prescription Drug Plan that gives you more benefits than Original Medicare.

At Humana, helping you achieve lifelong well-being is our mission. During our 30 years of experience with Medicare, we've learned how to be a better partner in health.

Learn more about the PEEHIP Humana Group Medicare Advantage PPO plan

Review the materials enclosed within this packet. Here you will find information about your PEEHIP Humana Group Medicare Advantage PPO healthcare coverage. You will also find information on the extra services Humana offers at no additional cost such as Silver Sneakers, Go365 and our Well Dine program.

- If you have questions about your premium, please call PEEHIP at 1-334-517-7000 or toll free at 1-877-517-0020.

How do I enroll

- Enrolling is easy. There is nothing you have to do. If you have Medicare Parts A & B, PEEHIP will automatically enroll you in this plan. On your plan's effective date, this plan will replace your current coverage.

What if I don't want to join this plan

- You have the option not to enroll into this plan. If you do not want to be enrolled into this plan, you must return the enclosed opt out form to PEEHIP's office.
- You can also find additional information about your enrollment in the document titled "Important Enrollment Information," located in this packet.

We look forward to serving you now and for many years to come.

Sincerely,
Group Medicare Operations

We're here for you

Please call our Group Medicare Customer Care representatives if you have any questions about the plan or enrollment in the plan.

Our automated phone system may answer your call on weekends and some public holidays. Please leave your name and telephone number and we'll call you back by the end of the next business day.

Important Enrollment Information

Public Education Employees' Health Insurance Plan (PEEHIP) is enrolling you in the Humana Group Medicare Advantage preferred provider organization (PPO) plan. You do not need to do anything to be automatically enrolled in this Medicare Advantage health plan. If you do not want to join this plan, you can follow the instructions included below. **Enrollment in this plan will end your enrollment in any Medicare Advantage plan that you are currently enrolled in.**

What do I need to know as a member of the PEEHIP Humana Group Medicare Advantage PPO plan?
This mailing includes important information about this plan and what it covers, including a Summary of Benefits document. Please review this information carefully.

Once enrolled, you will receive an Evidence of Coverage document (also known as a member contract or subscriber agreement) from the PEEHIP Humana Group Medicare Advantage PPO plan. Please read the document to learn about the plan's coverage and services. As a member of the PEEHIP Humana Group Medicare Advantage PPO plan, you can appeal plan decisions about payment or services if you disagree. Enrollment in this plan is generally for the entire year.

When your PEEHIP Humana Group Medicare Advantage PPO plan begins, Humana will cover all medically necessary items and services, even if you get the services out of network.

You must use network pharmacies to access Humana benefits, except under limited, non-routine circumstances when you can't reasonably use network pharmacies.

You **must** keep Medicare Parts A and B as the PEEHIP Humana Group Medicare PPO plan is a Medicare Advantage plan. **You must also continue to pay your Part B premium**. You can enroll in only one Medicare Advantage plan at a time. You must let us know if you think you might be enrolled in a different Medicare Advantage plan or a Medicare prescription drug plan and inform us of any prescription drug coverage that you may get in the future.

What happens if I don't join the PEEHIP Humana Group Medicare Advantage PPO plan?
You aren't required to be enrolled in this plan.

If you don't want to enroll please complete the enclosed opt out form and return it to PEEHIP prior to your plan's effective date to the following address:

PEEHIP
P.O. Box 302150
Montgomery, AL 36130-2150

If you choose to opt out of this plan, please note, Humana is the only coverage offered for PEEHIP Medicare eligible retirees. If you opt out, you may not be eligible to enroll again until the next open enrollment period. For additional questions regarding your eligibility, or to see if there are any additional consequences for opting out, please contact PEEHIP at 1-334-517-7000 or toll free at 1-877-517-0020, Monday through Friday 8:00 a.m. to 5:00 p.m. Central time.

If you choose to join a different Medicare plan, you can contact **1-800-MEDICARE** anytime, 24 hours a day, 7 days a week, for help in learning how. TTY users can call **1-877-486-2048**. Your state may have counseling services through the State Health Insurance Assistance Program (SHIP). They can provide

you with personalized counseling and assistance when selecting a plan, including Medicare Supplement plans, Medicare Advantage plans and prescription drug plans. They can also help you find medical assistance through your state Medicaid program and the Medicare Savings Program.

What if I want to leave the PEEHIP Humana Group Medicare Advantage PPO plan?
You can change or cancel your Humana coverage at any time and return to Original Medicare or another Medicare Advantage plan by using a special election**. If you choose to leave this plan, please contact PEEHIP at 1-334-517-7000 or toll free at 1-877-517-0020, Monday through Friday 8:00 a.m. to 5:00 p.m. Central time or call 1-800-MEDICARE**.

What happens if I move?
If you move, **please contact PEEHIP at 1-334-517-7000 or toll free at 1-877-517-0020, Monday through Friday 8:00 a.m. to 5:00 p.m. Central time.**

Remember that if you leave this plan and don't have creditable prescription drug coverage (as good as Medicare's prescription drug coverage), you may have to pay a late enrollment penalty if you enroll in Medicare prescription drug coverage in the future.

Release of Information
By joining this Medicare Advantage plan, you give us permission to share your information with Medicare and other plans when needed for treatment, payment and health care operations. We do this to make sure you get the best treatment and to make sure that it is covered by the plan. Medicare may also use this information for research and other reasons allowed by Federal law.

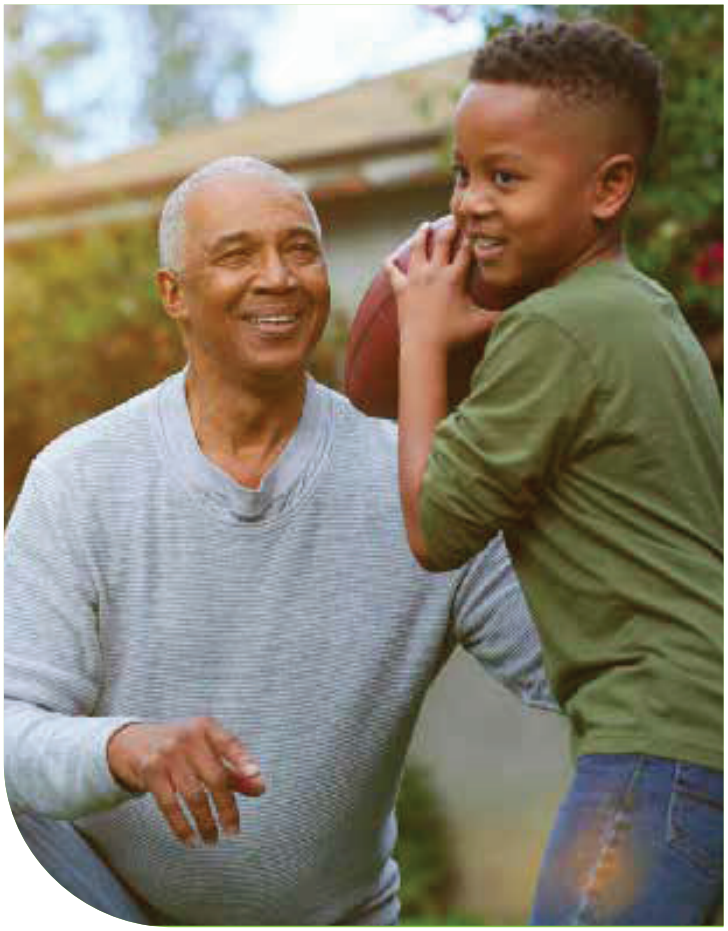
Everyone deserves a more human way to healthcare :

Humana cares for people. We have for over 50 years. And for more than 30 of those years, we've helped seniors get their Medicare coverage. It starts with helping you understand your plan and then to get the most from it, with a more active and involved way to help you take care of your health. We call this human care.

Humana's Group Medicare Advantage PPO plan for the Public Education Employees Health Insurance Plan offers the value and responsiveness—even the anticipation of needs—you deserve. Human care is an attentive ear, a compassionate voice, essential information, clear explanation. At Humana, we know that treating you like a human being is more than just the right thing to do—it's actually better for your health, too.

After you are enrolled, Humana will mail you an Evidence of Coverage booklet that will have all your plan information and details, including a full list of benefits.



Humana offers you a Medicare Advantage PPO

A PPO offers

- All the benefits of Original Medicare, plus extra benefits
- Maximum out-of-pocket protections
- Worldwide emergency coverage
- Programs to help improve health and well-being
- Dedicated Customer Care specialists designated specifically for PEEHIP Medicare retirees
- The same benefit levels for in-network and out-of-network providers
- A large network of doctors, specialists and hospitals to choose from
- No need for a referral to see any healthcare provider
- Coverage for office visits, including routine physical exams

Humana Medicare Advantage PPO with prescription drug plan also offers:

A large network

There are more than 66,000 participating pharmacies in our network.

Maximize Your Benefit® Rx

Humana keeps in touch by telephone and mail to let you know about ways to save on prescription drugs by switching to others that cost less.

Pharmacy finder

An online tool that helps you find pharmacies. It also tells you how far they are from you, the hours they're open, if they have a drive-through available, if they offer emergency Rx and if they have bilingual employees. Visit **our.Humana.com/peehip** or **MyHumana.com** to locate a pharmacy near you.

Extra benefits—offered at no additional cost to you

SilverSneakers fitness*

This program opens the doors to fitness locations nationwide where you can:

Work out indoors

You receive a basic fitness membership and SilverSneakers® group exercise classes (where available).

Go outside with SilverSneakers FLEX®

Try tai chi, yoga, walking groups and more. Available at local parks and recreation centers (where available).

Get SilverSneakers Steps®

At home or on the go—receive your choice of a kit for general fitness, strength, walking or yoga (one per member per year). Visit SilverSneakers.com/StartHere to get your SilverSneakers ID number and find a convenient location near you, or call **1-888-423-4632 (TTY: 711)**, Monday – Friday, 8 a.m. – 8 p.m., Eastern time.

*Equipment and classes may vary by location.

Humana At Home℠

This supports qualifying members with both short-term and long-term services that can help them remain independent at home. Care managers help educate members about chronic conditions and medication adherence, and assist with discharge instructions, accessing community resources, finding social support and more, all included in the plan at no additional cost.
Humana.com/caremgmt, **1-800-432-4803 (TTY: 711)**, Monday – Friday, 8:30 a.m. – 5:30 p.m., Eastern time

Humana Well Dine® meal program

After an overnight inpatient stay in a hospital or nursing facility, you're eligible to receive 2 meals per day for 7 days, up to 14 nutritious meals, limited to 4 times per year. You can choose from regular, diabetic, puree, vegetarian, kosher and renal-support meal plans delivered to your door at no additional cost to you. For more information, please contact Group Medicare Customer Care at **1-800-747-0008 (TTY: 711).**

Go365® by Humana

Go365 is a wellness and rewards program available through your PEEHIP Humana Group Medicare Advantage PPO plan. It rewards you for completing your preventive screenings, getting your steps in, and participating in other healthy activities. When you've completed qualified activities, you'll earn rewards in the Go365 Mall for items such as gift cards to Amazon.com, Walmart, Shell, Target, T.J. Maxx, Kohl's and much more. The more steps you take to improve your health, the more rewards you accumulate.

Go to **our.Humana.com/peehip/extra-benefits** and select the "Here" link under Go365 to sign in. Here you will be able to track activities and rewards!

To earn your reward for your activities, you will need to submit an activity form showing what activity you've completed. You can find the form when you sign in at MyHumana, then select "Go365." Or you may request paper materials by calling Group Medicare Customer Care at **1-800-747-0008 (TTY: 711).**

You can redeem your rewards for gift cards online by signing into **Go365.com/shop** or by calling **1-866-677-0999 (TTY: 711).**

Medication Therapy Management

As part of your Medicare Part D coverage with Humana, you may be eligible to take part in a program called Medication Therapy Management (MTM) at no extra cost. MTM may help you to:

- Know more about getting the greatest benefit from your medications
- Reduce risk by learning how to avoid harmful side effects
- Possibly save money by finding lower-cost alternatives to prescribed medications

Who's eligible?

Members are chosen for MTM using the following Centers for Medicare & Medicaid Services (CMS) and Humana criteria:

- Have three of the five multiple chronic conditions:
  - Congestive heart failure (CHF)
  - Dyslipidemia (high or low LDL cholesterol)
  - Diabetes
  - Chronic obstructive pulmonary disease (COPD)
  - Osteoporosis
- Take at least eight chronic/maintenance Part D drugs
- Spend more than $x,xxx on prescription drugs per calendar year

How does the program work?

MTM offers additional information on your SmartSummary®, a statment that helps you track your healthcare, that can help you manage medications and drug costs. You also get a face-to-face or phone consultation with a healthcare professional to talk about your medications. To learn more about your SmartSummary, refer to page 40.

Scheduling a consultation

If you qualify for MTM, you will receive an invitation letter and see a note in your SmartSummary to call the MTM call center. If you think you qualify but don't see the note, please call Group Medicare Customer Care at **1-800-747-0008 (TTY: 711)**.

Although the MTM program is a special service offered at no cost to Medicare members, it is not considered a benefit. But it all adds up to human care.

Building healthy provider relationships

Your relationship with your provider is important in helping you protect and manage your health. With the PEEHIP Humana Group Medicare Advantage PPO plan, you can use any provider who accepts Medicare and agrees to bill Humana. Your benefit plan coverage remains the same, even if you receive care from an out-of-network provider.

Medical preauthorization

For certain services and procedures, your doctor or hospital may need to get advance approval from Humana before your plan will cover any costs. This is called a preauthorization. Doctors or hospitals will submit the preauthorization request to Humana. If you have questions regarding what medical services require preauthorization, you can call Customer Care at **1-800-747-0008 (TTY: 711).**

Why choose a Humana network provider?

- Humana Medicare PPO network providers must take payment from Humana for treating plan members.
- Network providers coordinate with Humana, which makes it easier to share information. Patients may have a better experience when providers share information this way.
- Humana supplies in-network providers with information about services and programs available to patients with chronic conditions.

Is your provider in Humana's provider network?

Humana respects your relationship with your provider. We want you to be able to select a provider who's close to home and who can focus on your specific needs. If you need help finding a provider, call our Group Medicare Customer Care team at **1-800-747-0008 (TTY: 711)** or use our online directory. Humana's online provider lookup is an easy way to find doctors, hospitals and other healthcare providers in Humana's network:

- Go to **our.Humana.com/peehip/tools-resources** and select "Find a Doctor"
- Get provider phone numbers, addresses and directions
- Customize your search by specialty, location and name

Is your pharmacy in Humana's network?

Your relationship with your pharmacist is important in protecting and managing your health. You must use network pharmacies to enjoy the benefits of our plan except in an emergency. Pharmacies in the network have agreed to work with Humana to fill prescriptions for our members. If you use a pharmacy outside the network, your costs may be higher.

Our pharmacy network includes specialty, retail, long-term care, home infusion and Indian, tribal and urban pharmacies.

You can find a complete list of network pharmacies at MyHumana, your personal, secure online account at **our.Humana.com/peehip/** and the MyHumana mobile app.* Get printable maps and directions, along with many more details to find a pharmacy that fits your needs. Other information at **Humana.com/pharmacy/medicare/tools** includes:

- Printable Drug Lists
- Prior authorization information
- Maximize Your Benefit Rx

Connect with a doctor or behavioral health professional virtually

MDLIVE®
Virtual Care, Anywhere.

Care when you need it

Your health care should always begin with your primary care doctor or behavioral health specialist. But sometimes you have a nonemergency illness in the middle of the night, need a prescription refill or need someone to help you through a difficult moment. In these times, you can have a virtual visit with MDLIVE.

- A virtual visit on your phone, tablet or laptop is a convenient way to get help 24 hours a day, seven days a week
- No appointment needed, you can connect to a doctor within minutes and may be less expensive than a trip to an urgent care facility*
- Private, secure and confidential visits
- Talk to a board-certified psychiatrist or a behavioral health clinician by appointment only

Three ways to talk to a doctor

- **MDLIVE.com/yourbenefit**
- **1-888-673-1992 (TTY: 711)**
- **Download the MDLIVE® mobile app from the App Store® or Google Play™**
  - Behavioral health visits require a pre-scheduled appointment. Internet access required. Data fees may apply**

What are virtual visits?

A virtual visit is a remote appointment with a U.S. board-certified doctor or behavioral health provider for nonemergency medical and behavioral health conditions. Virtual visits should not replace your primary care provider, but can be used in nonemergency situations when your PCP's office is not available or convenient.

When should I use it?

- For a nonemergency issue, instead of going to the emergency room (ER) or an urgent care center.
- For nonemergency mental and behavioral health conditions (by appointment).
- On a holiday, weekend or if you are traveling. You may even share the records from your virtual visit with your primary care provider.

*Call the number on the back of your Humana member ID card for more information. Telephonic visits not available in Idaho and New York; visits in these states are video only.

**Based on MDLIVE'S connection times and speed of individual's internet connection.

What kinds of conditions can be treated?

Doctors are available to treat many conditions, including:

- Allergies
- Cold and flu symptoms
- Constipation
- Diarrhea
- Depression, anxiety, stress and family and relationship counseling
- Fever
- Sore throat
- Sinus infection
- Insect bites

Your telemedicine virtual visit benefits have been extended to include, medication needs, lab orders, treatment for minor infections, and to assist your PCP in managing certain chronic conditions. Information about the care you receive during these virtual visits can be shared with your PCP. These virtual visits are by appointment.

Who are the doctors?

Humana has teamed up with MDLIVE, a group of in-network doctors. On average, MDLIVE doctors have 15 years of experience practicing medicine and are all U.S. based and U.S. board-certified. MDLIVE doctors are committed to providing convenient, quality care and are always ready to visit with you. All MDLIVE psychiatrists and therapists are U.S. board certified and in-state licensed and/or credentialed in the states they practice.

Remember, when you have a life-threatening injury or major trauma, call 911.

Provider information: Take this to your provider

Having a provider you're happy with can play an important role in your health and meeting your needs.

What if my doctor says they do not accept Humana insurance?

Give this flyer to your provider

Once you are a member of the PEEHIP Humana Group Medicare Advantage PPO Plan, sharing this information can help your provider understand how this plan works.

Don't forget to take your Humana member ID card to your first appointment as well.

A message for your provider

Humana will provide coverage for this retiree under the PEEHIP Group Medicare Advantage PPO plan. This retiree's in-network and out-of-network benefits are the same. This means you can provide services to this retiree or any member of this plan if you are a provider who is eligible to participate in Medicare.

Contracted healthcare providers – If you're a Humana Medicare Employer PPO-contracted healthcare provider, you'll receive your contracted rate.

Out-of-network healthcare providers – Humana is dedicated to an easy transition. If you're a provider who is eligible to participate in Medicare, you can treat and receive payment for your Humana-covered patients who have this plan. Humana pays providers according to the Original Medicare fee schedule less any member plan responsibility.

If you need more information about our claims processes or about becoming a Humana Medicare Employer PPO-contracted provider, call Provider Relations at **1-800-626-2741**, Monday – Friday, 8 a.m. – 5 p.m., Central time.

NOTE: This number is not for patient use. Patients, please call Group Medicare Customer Care at **1-800-747-0008 (TTY: 711)**.

The in-network and out-of-network benefits are structured the same for any member of this plan.

Humana®

Part B vs. Part D—knowing how your coverage works can save you from paying out of your pocket for vaccines

Vaccinations covered by Part B

The Medicare Part B portion of your plan pays for the following vaccines at your provider's office and at the pharmacy:

- Influenza (flu) vaccine—once per season
- Pneumococcal vaccines
- Hepatitis B vaccines for persons at increased risk of hepatitis
- Vaccines directly related to the treatment of an injury or direct exposure to a disease or condition, such as rabies and tetanus.

Vaccinations covered by Part D

The Medicare Part D portion of your plan pays for the following vaccines at your pharmacy:

- Shingles (Zostavax)
- Tdap
- Hepatitis A

Understanding your diabetes coverage

At Humana, we are here to help. We want you to have an easy experience when getting your diabetic supplies and prescriptions.

Medicare Part B helps cover diabetic testing supplies, insulin pumps and insulin administered (or used) in insulin pumps. Medicare Part D helps cover diabetes medications, insulin administered (or used) with syringes or pens and syringes, pen needles or other insulin administration devices that are not durable medical equipment (e.g., Omnipods or VGO).

Go to **Humana.com/Diabetes** to learn more about managing your diabetes. MyDiabetesPath offers a complete guide to living with diabetes and gives you the information and resources to help you stay healthy.

Your PEEHIP Humana Group Medicare Advantage Plan covers a variety of diabetic glucose testing supplies such as Roche Accu-Chek Guide Me®, Roche Accu-Chek Guide® and HP® True Metrix® AIR by Trividia.

You can receive a meter and test strips through a pharmacy or durable medical equipment provider. Your doctor can also send prescriptions for meters and other testing supplies by fax or e-prescribe.

You can request a no-cost meter from the manufacturer by calling Roche at **1-877-264-7263 (TTY: 711)**, or Trividia Health at **1-866-788-9618 (TTY: 711)**, Monday – Friday, 8 a.m. – 8 p.m., Eastern time.

Important information for your pharmacist

Let your pharmacist know to use **BIN 015581** and **PCN 03200000** when filling your prescription for items covered under Part B.

Important information about your prescription drug coverage

Some drugs covered by Humana may have requirements or limits on coverage.

These requirements and limits may include prior authorization, step therapy or quantity limits. You can visit **our.Humana.com/peehip** to register or sign in and select Pharmacy or call Humana's Group Medicare Customer Care team at **1-800-747-0008 (TTY: 711)** to check coverage on the medications you take.

Prior authorization

The PEEHIP Humana Group Medicare Advantage PPO plan requires your provider to get prior authorization for certain drugs. This means that your provider will need to get approval from the PEEHIP Humana Group Medicare Advantage PPO plan before you fill your prescriptions. The reason a prior authorization is required can vary depending on the medication. Humana will work with your provider when a prior authorization is required.

Your provider can go online to **Humana.com/Provider** and visit our provider prior authorization page. This website has a printable form that your provider can mail or fax to Humana to request the prior authorization for your drug. If your provider prescribes a drug that needs prior authorization, you can check the status of the prior authorization prior to filling your prescription by calling Humana's Clinical Pharmacy Review team at **1-800-555-2546 (TTY: 711)**. The Centers for Medicare & Medicaid Services (CMS) requires a turnaround time of 72 hours for a prior authorization. However, an expedited review can be requested by your provider if waiting 72 hours may be harmful to you.

If you would like to check the status of your authorization or have questions, you can call **1-800-555-2546 (TTY: 711)** to speak with our Humana Clinical Pharmacy Review team. They are available Monday – Friday, 8 a.m. – 6 p.m., Eastern time.

Remember—before making a change, you should always talk about treatment options with your doctor.

Step therapy

In some cases, the PEEHIP Humana Group Medicare Advantage PPO plan requires that you first try certain drugs to treat your medical condition before coverage is available for a more expensive drug prescribed to treat your medical condition. For example, if Drug A and Drug B both treat your medical condition, the PEEHIP Humana Group Medicare Advantage PPO plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, the PEEHIP Humana Group Medicare Advantage PPO plan can then cover Drug B. Your doctor will need to contact Humana's Clinical Pharmacy review department at **1-800-555-2546 (TTY: 711)** to provide the specific information to submit a request for a step therapy prior authorization. A step therapy prescription can be filled once the necessary requirements are met. If you have already tried other medications that did not provide the desired clinical results, or you had an adverse reaction, your provider may submit this information to Humana for consideration in meeting the step therapy requirements. If you have any questions on step therapy, please contact provider.

One-time transition fill

For certain drugs typically requiring prior authorization or step therapy, Humana will cover a one-time, 30-day supply of your Part D covered drug during the first 90 days of your enrollment. Once you have received this transition fill,* you'll receive a letter from Humana telling you the prescription's requirements or limits, and that you will need to get approval before future refills will be covered. A prior authorization will need to be approved or other alternative medicines should be tried if the medication requires step therapy.

*Some drugs do not qualify for a transitional fill, such as drugs that require a Part B vs. Part D determination, CMS excluded drugs, or those that require a diagnosis review to determine coverage.

Quantity limits

For some drugs, the PEEHIP Humana Group Medicare Advantage PPO plan limits the quantity of the drug that is covered. The PEEHIP Humana Group Medicare Advantage PPO plan might limit how many refills you can get or quantity of a drug you can get each time you fill your prescription. For example, if it's normally considered safe to take only one pill per day for a certain drug, we may limit coverage for your prescription to no more than one pill per day. Specialty drugs are limited to a 30-day supply regardless of tier placement on the formulary.

Next steps for you

Call Group Medicare Customer Care at **1-800-747-0008 (TTY: 711)** if you have general questions about your prescription drug benefit, or to see if your medications require prior authorization, step therapy is needed, or if they have quantity limits.

Your formulary drug categories

Tier 1 – Preferred generic

Essentially the same drugs, usually priced differently

These have the same active ingredients as brand-name drugs and are prescribed for the same reasons. The Food and Drug Administration (FDA) requires generic drugs to have the same quality, strength, purity and stability as brand-name drugs. Your cost for generic drugs is usually lower than your cost for brand-name drugs.

Tier 2 – Preferred brand

A medicine available to you for less than a nonpreferred

Preferred-brand drugs are generic or brand-name drugs that Humana offers at a lower cost to you than nonpreferred drugs.

Tier 3 – Nonpreferred drug

A more expensive drug than a preferred

Nonpreferred drugs are more expensive generic or brand-name prescription drugs that Humana offers at a higher cost to you than preferred drugs.

Tier 4 – Specialty

Drugs for specific uses

These include some injectable and other high-cost drugs.

Allies in well-being

Consent forms

Everyone needs a little help now and then. We're happy to work with you and whomever you designate as a helper. Many people trust a family member or close friend to help them with their healthcare—someone who may help you talk with us about your insurance plan, keep track of your benefits and claims, or answer healthcare questions.

We need your permission to share your personal information with someone else. To give your permission, you'll need to read and sign a consent form.

Here are the ways you can do that:

- Fill out and submit the form online once you have registered on MyHumana
- Print the form from **our.Humana.com/peehip/addl-information** and return it by following the instructions on the form
- Call us and we'll mail the form to you to complete and return

A signed consent form allows insurers to share health plan information and protected health information with your designated helper. It's different from granting medical power of attorney, which allows someone to make decisions about your care.

Choose a caregiver to help you

You may find it useful to choose a family member or friend you trust who can talk to Humana on your behalf—someone who can help you along your health and well-being journey.

Visit **Humana.com/caregiver** to learn more about naming a caregiver and how to submit the Consent for Release of Protected Health Information (PHI) form.

Human care focuses on meeting your changing needs and smoothing your move to Medicare, so you can focus on work and play and living your life.

SmartSummary is your personalized benefits statement

At Humana, we believe Medicare members deserve a better way to understand, track, manage and possibly save money on their healthcare. Your SmartSummary® helps you do just that. You can use your SmartSummary as a portable health record. You'll receive these statements after each month in which you've had a claim. You can also sign in to MyHumana and see your past SmartSummary statements anytime.

SmartSummary helps you:

- Understand your total healthcare picture
- Manage your monthly and yearly healthcare costs
- Engage with your providers by having a list of the healthcare services you receive
- Learn about preventive care, health conditions, treatment options and ways to help reduce health expenses

SmartSummary also includes:

- Numbers to watch – SmartSummary shows your total drug costs for the month and year to date. It also shows how much of these costs your plan paid and how much you paid—so you can see the value of your prescription benefits.
- Personalized messages – SmartSummary gives you tips on saving money on the prescription drugs you take, information about any potential changes in prescription copayments and how to plan ahead.
- Your Rx record – A personalized prescription manager tells you more about your prescription medications, including information about dosage and the prescribing doctor. It also has a refill calendar that helps you know the date of your next refill. This page can be useful to take to your doctor appointments or to your pharmacist.
- Healthcare news relevant for you – SmartSummary personalizes a news section to let you know about things you can do for your health, including medicines and treatments for health problems.

What is Medicare?

Medicare is a federal health insurance program for U.S. citizens and legal residents who are 65 and older or qualify due to a disability. You must be entitled to Medicare Part A and enrolled in Medicare Part B as the Humana Group Medicare PPO plan is a Medicare Advantage plan.

You must also continue paying Medicare Part B premiums to remain enrolled in this plan.

ORIGINAL MEDICARE

Medicare Part A

HOSPITAL INSURANCE

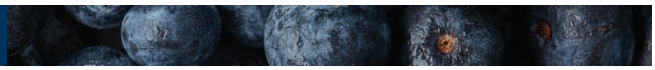
Part A helps cover medically necessary inpatient care in a hospital or skilled nursing facility. It also helps cover some home healthcare and hospice care.

Medicare Part B

MEDICAL INSURANCE

Part B helps cover medically necessary doctors' services, outpatient care and other medical services and supplies. It also helps cover some preventive services.

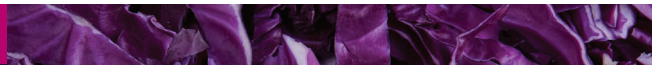
MEDICARE ADVANTAGE



Medicare Part C

This coverage is available through private insurance companies, such as Humana. Medicare Part C helps cover everything medically necessary that Parts A and B cover, including hospital and medical services. You still have Medicare if you elect Medicare Part C coverage. You must be entitled to Medicare Part A and enrolled in Part B to be eligible for a Medicare Part C plan.

PRESCRIPTION DRUG PLAN



Medicare Part D

Like Part C Medicare Advantage plans, Part D is only available through private companies, such as Humana. Many Part C Medicare Advantage plans include Medicare Part D prescription drug coverage. Part D covers the medications your doctor prescribes. You can only join a Medicare Part D prescription drug plan if you are entitled to Medicare Part A and/or enrolled in Part B.

Human care is removing barriers to health

Humana works to help you understand Medicare, to bring all your benefits into view and to use them to reach your health goals.

Frequently asked questions

Do I need to show my red, white and blue Medicare card when I visit the doctor?
No. You'll get a Humana member ID card that will take its place. Keep your Medicare ID card in a safe place—or use it only when it's needed for discounts and other offers from retailers.

What should I do if I move or have a temporary address change?
If you move to another area or state, it may affect your plan. It's important to contact PEEHIP at **1-334-517-7000** or toll-free at **1-877-517-0020** for details and call to notify Humana of the move.

What should I do if I have to file a claim?
Call Humana Group Medicare Customer Care at **1-800-747-0008 (TTY: 711)** for more information and assistance. To request reimbursement for a charge you paid for a service, send the provider's itemized receipt and the Health Benefits Claim Form (also available at **our.Humana.com/peehip/addl-information**) to the claims address on the back of your Humana member ID card. Make sure the receipt includes your name and Humana member ID number. Be sure to save a copy of your receipt for your own personal records.

What if I have other health insurance coverage?
If you have other health insurance, show your Humana member ID card and your other insurance cards when you see a healthcare provider. The PEEHIP Humana Group Medicare Advantage PPO plan may be eligible in combination with other types of health insurance coverage you may have. This is called coordination of benefits. Please notify PEEHIP if you have any other medical coverage, such as VA or TRICARE®.

When does my coverage begin?
Your former employer decides how and when you enroll. Check with PEEHIP at **1-334-517-7000** or toll-free at **1-877-517-0020** for the proposed effective date of your enrollment. Be sure to keep your current healthcare coverage until your PEEHIP Humana Group Medicare Advantage PPO plan enrollment is confirmed.

What if my service needs a prior authorization?
If your medical service or medication requires an authorization, your provider can contact Humana to request it. Your doctor can also visit **Humana.com/Provider** to submit a request for a prior authorization. If you have questions regarding what medical services or medications require an authorization call Customer Care at **1-800-747-0008 (TTY: 711)**. To check the status of your authorization, you can call **1-800-555-2546 (TTY: 711)** to speak with our Humana Clinical Pharmacy Review team.

What if my provider says they will not accept my plan?
If your provider says they will not accept your PPO plan, you can give your provider the "Group Medicare Provider Information" flyer. It explains how your PPO plan works. You can also call Customer Care at **1-800-747-0008 (TTY: 711)** and have a Humana representative contact your provider and explain how your PPO plan works.

How can I get help with my drug plan costs?
People with limited incomes may qualify for assistance from the Extra Help program to pay for their prescription drug costs. To see if you qualify for Extra Help, call **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, seven days a week. If you use a TTY, call **1-877-486-2048.** You can also call the Social Security Administration at **1-800-772-1213**. If you use a TTY, call **1-800-325-0778**. Your state's Medical Assistance (Medicaid) Office may also be able to help, or you can apply for Extra Help online at **www.socialsecurity.gov**.

Glossary

Medical common terms and definitions

All those insurance terms can be a little confusing. Here are a few of the most common terms and definitions.

Coinsurance

Your share of the cost after deductible
A percentage of your medical and drug costs that you may pay out of your pocket for services after you pay any plan deductible.

Copayment

What you pay at the provider's office for medical services
The set dollar amount you pay when you receive medical services or have a prescription filled.

PEEHIP benefits	Copay
Office visit	$13
Specialist visit	$18
Emergency room	$35
Hospital inpatient	$200 copay (day 1) then $25 copay per day (days 2–5) then $0 copay (days 6–365) per admission

Deductible

What you pay up front
The amount you pay for healthcare before your plan begins to pay for your benefits.
The Part B deductible for your PEEHIP Humana Group Medicare Advantage PPO plan is **$198**.

Exclusions and limitations

Anything not covered or covered under limited situations or conditions
Specific conditions or circumstances that aren't covered under a plan.

Maximum out-of-pocket

The most you'll spend before your plan pays 100% of the cost
The most you would have to pay for medical services covered by a health plan, including medical deductibles, copays and coinsurance. If and when you reach your annual out-of-pocket limit, the PEEHIP Humana Group Medicare Advantage PPO plan pays 100% of the Medicare-approved amount for most covered medical charges.

Network

Your plan's contracted medical providers
A group of healthcare providers contracted to provide medical services at discounted rates. The providers include doctors, hospitals and other healthcare professionals and facilities.

Pharmacy common terms and definitions

Catastrophic coverage

What you pay for covered drugs after reaching $6,550

Once your pharmacy out-of-pocket costs reach the **$6,550** maximum, you pay a copayment for covered drug costs until the end of the plan year.

Copayment

What you pay at the pharmacy for your prescription

The set dollar amount you pay when you fill a prescription.

Deductible

Your cost for Part D prescription drugs before the plan pays

The amount you pay for Part D prescription drugs before the plan begins to pay its share.

PEEHIP covers the Part D deductible for your plan so you do not pay a Part D deductible.

Exclusions and limitations

Anything not covered

Specific conditions or circumstances that aren't covered under a plan.

Formulary

Drugs covered under your plan

A list of drugs approved for coverage under the plan. Also called a Drug List.

Welcome to PEEHIP Humana Group Medicare Advantage Plan!

Note to existing members: When this drug list (formulary) refers to "we," "us", or "our," it means Humana. When it refers to "plan" or "our plan," it means the PEEHIP Humana Group Medicare Advantage Plan. This document includes a partial list of the drugs (formulary) for our plan which is current as of January 1, 2021. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages of the Formulary. You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1 of each year, and from time to time during the year.

What is the PEEHIP Humana Group Medicare Advantage formulary?

A formulary is the entire list of covered drugs or medicines selected by the PEEHIP Humana Group Medicare Advantage Plan. The terms formulary and Drug List may be used interchangeably throughout communications regarding changes to your pharmacy benefits. The Plan worked with a team of doctors and pharmacists to build a formulary that represents the prescription drugs we think you need for a quality treatment program. The Plan will generally cover the drugs listed in the formulary as long as the drug is medically necessary, the prescription is filled at a Plan network pharmacy, and other plan rules are followed. For more information on how to fill your medicines, please review your plan benefit materials.

This document is a partial formulary, which means it includes only some of the drugs covered by the PEEHIP Humana Group Medicare Advantage Plan. To search the complete list of all prescription drugs Humana covers, you can visit **https://our.humana.com/peehip/tools-resources/**. The Drug List Search tool lets you search for your drug by name or drug type.

If you have questions about your enrollment into the PEEHIP Humana Group Medicare Advantage Plan, please call the Group Medicare Customer Care number at 1-800-747-0008. Our representatives are available Monday through Friday, from 7 a.m. - 8 p.m. Central Time. The automated phone system may answer your call on Saturdays, Sundays, and some public holidays. Please leave your name and telephone number, and we'll call you back by the end of the next business day.

Can the formulary change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the Drug List during the year, move them to different cost sharing tiers, or add new restrictions. We must follow Medicare rules in making these changes. Changes that can affect you this year: In the below cases, you will be affected by coverage changes during this year:

- **New generic drugs**. We may immediately remove a brand name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost sharing tier or add new restrictions. If you are currently taking that brand name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
  - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section entitled "**How do I request an exception to the Formulary?**"
- **Drugs removed from the market**. If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes**. We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand name drug currently on the formulary or add new restrictions to the brand name drug or move it to a different cost sharing tier or both. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost sharing tier, we must

notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.

We'll notify members who are affected by the following changes to the formulary:
- When a drug is removed from the formulary
- When prior authorization, quantity limits, or step-therapy restrictions are added to a drug or made more restrictive
- When a drug is moved to a higher cost sharing tier

If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section entitled **"How do I request an exception to the Formulary?"**

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2021 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2021 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

What if you're affected by a Drug List change?

We'll notify you by mail at least 30 days before one of these changes happens or we will provide a 30-day refill of the affected medicine with notice of the change.

The enclosed formulary is current as of January 1, 2021. We'll update the printed formularies each month and they'll be available on **https://our.humana.com/peehip/plan-documents**.

To get updated information about the drugs that Humana covers, please visit **https://our.humana.com/peehip/plan-documents**.

How do I use the formulary?

The formulary is listed in alphabetical order.

The chart later in this document entitled **"PEEHIP Humana Group Medicare Advantage Plan Coverage of Additional Prescription Drugs"** is an alphabetical list of all of the drugs included in this document. Both brand-name and generic drugs are listed.

Prescription drugs are grouped into one of four tiers.
The PEEHIP Humana Group Medicare Advantage Plan covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.
- **Tier 1 - Preferred Generic:** Generic or brand drugs that are available at the lowest cost share for the plan
- **Tier 2 - Preferred Brand:** Generic or brand drugs that the plan offers at a higher cost to you than Tier 1 Preferred Generic, and at a lower cost to you than Tier 3 Non-Preferred Drug
- **Tier 3 - Non-Preferred Drug:** Generic or brand drugs that the plan offers at a higher cost to you than Tier 2 Preferred Brand drug
- **Tier 4 - Specialty Tier:** Some injectables and other high-cost drugs

How much will I pay for covered drugs?

The Plan pays part of the costs for your covered drugs and you pay part of the costs, too.

The amount of money you pay depends on:
- Which tier your drug is on
- Whether you fill your prescription at a network pharmacy
- Your current drug payment stage - please read your Evidence of Coverage (EOC) for more information

If you qualified for extra help with your drug costs, your costs may be different from those described above. Please refer to your plan benefit materials or call Group Medicare Customer Care at 1-800-747-0008 to find out what your costs are.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These are called Utilization Management Requirements. These requirements and limits may include:
- **Prior Authorization (PA):** The Plan requires prior authorization for certain drugs to be covered under your plan. This means that your health care provider will need to get approval from the Plan before you fill your prescriptions. If your health care provider does not get approval, the Plan may not cover the drug.
- **Quantity Limits (QL):** For some drugs, the Plan limits the amount of the drug that is covered. The Plan might limit how many refills you can get or how much of a drug you can get each time you fill your prescription. For example, if it's normally considered safe to take only one pill per day for a certain drug, we may limit coverage for your prescription to no more than one pill per day. Some drugs are limited to a 30-day supply regardless of tier placement.
- **Step Therapy (ST):** In some cases, the Plan requires that you first try certain drugs to treat your medical condition before coverage is available for another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, the Plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, the Plan will then cover Drug B once proper documentation has been received.
- **Part B versus Part D (B vs D):** Some drugs may be covered under Medicare Part B or Part D depending upon the circumstances. Information may need to be submitted to the Plan that describes the use and the place where you receive and take the drug so a determination can be made.

For drugs that need prior authorization or step therapy, or drugs that fall outside of quantity limits, your health care provider can fax information about your condition and need for those drugs to the Plan at **1-877-486-2621**. Representatives are available Monday - Friday, 8 a.m. - 8 p.m.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins in the chart later in this document entitled, **"PEEHIP Humana Group Medicare Advantage Plan Coverage of Additional Prescription Drugs"**.

You can also visit **https://our.humana.com/peehip/plan-documents** to get more information about the restrictions applied to specific covered drugs (such as prior authorizations, quantity limits, and step therapy).

You can ask the Plan to make an exception to these restrictions or limits. See the section "**How do I request an exception to the formulary?**" below for information about how to request an exception.

What if my drug isn't on the formulary?

If your drug isn't included in this list of covered drugs, visit **https://our.humana.com/peehip/tools-resources/** to see if your plan covers your drug. You can also call Group Medicare Customer Care and ask if your drug is covered.

If the Plan doesn't cover your drug, you have two options:

- You can ask Group Medicare Customer Care for a list of similar drugs that the PEEHIP Humana Group Medicare Advantage Plan covers. Show the list to your doctor and ask him or her to prescribe a similar drug that is covered by the Plan.
- You can ask the Plan to make an exception and cover your drug. See below for information about how to request an exception.

Talk to your health care provider to decide if you should switch to another drug that is covered or if you should request a formulary exception so that it can be considered for coverage.

How do I request an exception to the formulary?

You can ask the Plan to make an exception to the coverage rules. There are several types of exceptions that you can ask to be made.

- **Formulary exception:** You can request that your drug be covered if it's not on the formulary.
- **Utilization restriction exception:** You can request coverage restrictions or limits not be applied to your drug. For example, if your drug has a quantity limit, you can ask for the limit not to be applied and to cover more doses of the drug.
- **Tier exception:** You can request a higher level of coverage for your drug. For example, if your drug is usually considered a non-preferred drug, you can request it to be covered as a preferred drug instead. This would lower how much money you must pay for your drug. Please remember a higher level of coverage cannot be requested for the drug if approval was granted to cover a drug that was not on the formulary.

Generally, the Plan will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost sharing drug, or other restrictions wouldn't be as effective in treating your health condition and/or would cause adverse medical effects.

You should contact Group Medicare Customer Care at 1-800-747-0008 to ask for an initial coverage decision for a formulary, tier, or utilization restriction exception. When you ask for an exception, you should submit a statement from your health care provider that supports your request. This is called a supporting statement.

Generally, we must make the decision within 72 hours of receiving your health care provider's supporting statement. You can request a quicker, or expedited, exception if you or your health care provider thinks your health would seriously suffer if you wait as long as 72 hours for a decision. Once an expedited request is received, we must give you a decision no later than 24 hours after we get your health care provider's supporting statement.

Will my plan cover my drugs if they are not on the formulary?

You may take drugs that your plan doesn't cover. Or, you may talk to your provider about taking a different drug that your plan covers, but that drug might have a Utilization Management Requirement, such as a Prior Authorization or Step Therapy, that keeps you from getting the drug right away. In certain cases, we may cover as much as a 30-day supply of your drug during the first 90 days you're a member of the plan.

Here is what we'll do for each of your current Part D drugs that aren't on the formulary, or if you have limited ability to get your drugs:

- We'll cover a 30-day transition fill of your drug unless you have a prescription written for fewer days (in which case we will allow multiple fills to provide up to a total of 30 days of a drug) when you go to a pharmacy.
- There will be no coverage for the drugs after your first 30-day supply, even if you've been a member of the plan for less than 90 days, unless a formulary exception has been approved.

If you're a resident of a long-term care facility and you take Part D drugs that aren't on the formulary, we'll cover a 30-day supply unless you have a prescription written for fewer days (in which case we will allow multiple fills to

provide up to a total of 30 days of a drug) during the first 90 days you're a member of our plan. We'll cover a 31-day emergency supply of your drug unless you have a prescription for fewer days (in which we will allow multiple fills to provide up to a total of 31 days of a drug) while you request a formulary exception if:

- You need a drug that's not on the formulary *or*
- You have limited ability to get your drugs *and*
- You're past the first 90 days of membership in the plan

Throughout the plan year, your treatment setting (the place where you receive and take your medicine) may change. These changes include:

- Members who are discharged from a hospital or skilled-nursing facility to a home setting
- Members who are admitted to a hospital or skilled-nursing facility from a home setting
- Members who transfer from one skilled-nursing facility to another and use a different pharmacy
- Members who end their skilled-nursing facility Medicare Part A stay (where payments include all pharmacy charges) and who now need to use their Part D plan benefit
- Members who give up Hospice Status and go back to standard Medicare Part A and B coverage
- Members discharged from chronic psychiatric hospitals with highly individualized drug regimens

For these changes in treatment settings, the Plan will cover as much as a 30-day transition fill of a Part D- covered drug when you fill your prescription at a pharmacy. If you change treatment settings multiple times within the same month, you may have to request an exception or prior authorization and receive approval for continued coverage of your drug. The Plan will review requests for continuation of therapy on a case-by-case basis understanding when you're on a stabilized drug regimen that, if changed, is known to have risks.

Transition extension

The Plan will consider on a case-by-case basis an extension of the transition period if your exception request or appeal hasn't been processed by the end of your initial transition period. We'll continue to provide necessary drugs to you if your transition period is extended.

A Transition Policy is available on Humana's Medicare website, **https://our.Humana.com/peehip/**, in the same area where the Prescription Drug Guides are displayed.

PEEHIP Humana Group Medicare Advantage Plan Formulary

The formulary that begins on the next page provides coverage information about the drugs covered by the Plan. The formulary is listed in alphabetical order for your convenience.

Remember: This is only a partial list of drugs covered by Humana. If your prescription drug isn't listed in this partial formulary, please visit our website at **https://our.humana.com/peehip/plan-documents** for a comprehensive list of drugs. Our additional contact information is listed on the cover page.

Your plan has additional coverage of some drugs. These drugs aren't normally covered under Medicare Part D and aren't subject to the Medicare appeals process.

How to read your abbreviated formulary

The first column of the chart lists the drug name. Next to the drug name you may see an indicator to tell you about additional coverage information for that drug. You might see the following indicators:
MD - Maintenance drugs are prescriptions commonly used to treat conditions that are considered chronic or long-term. Members can receive quantities up to but not more than a 90-day supply of maintenance drugs and supplies.
DL - Dispensing Limit; Drugs that may be limited to a 30 day supply, regardless of tier placement.
LA - The health plan has authorized certain pharmacies to dispense this medicine, as it requires extra handling, doctor coordination or patient education. Please call the number on the back of your ID card for additional information.

The second column lists the tier of the drug. See "**How do I use the formulary?**" for more details on the drug tiers in your plan.

The third column shows the Utilization Management Requirements for the drug. The Plan may have special requirements for covering that drug. If the column is blank, then there are no utilization requirements for that drug. The supply for each drug is based on benefits and whether your health care provider prescribes a supply for 30, 60, or 90 days. The amount of any quantity limits will also be in this column (Example: "QL - 30 for 30 days" means you can only get 30 doses every 30 days). See the section entitled, **"Are there any restrictions on my coverage?"** for more information about these requirements.

Opioids are often used to treat pain after surgery or an injury. However, they carry serious risks that increase with higher doses and length of use. In accordance with CMS direction, Humana conducts various reviews of opioid claims when submitted for processing.

An opioid drug used for the treatment of acute pain may be limited to a 7-day supply for members with no recent history of opioid use. For members who are new to the plan, and have a recent history of using opioids, the limit may be overridden by the pharmacy when submitting the claim with a specific code, if deemed appropriate.

Additional quantity limits may apply across all drugs in the opioid class used for the treatment of pain. This additional limit is called a cumulative morphine milligram equivalent (MME), and is designed to monitor safe dosing levels of opioids for individuals who may be taking more than 1 opioid drug for pain management. The pharmacy may consult with your doctor to ensure the higher dose is appropriate and submit the claim with a specific code for processing, if deemed appropriate. Alternatively, your doctor can ask the plan to cover the additional quantity through a coverage determination.
