1255	This appropriation shall be used for the State Department of Education, in consultation with the Department of Early Childhood Education, to fund a program to be known as the Governor's Turnaround Schools. These grants are for the lowest performing public elementary schools which are identified as underperforming by the State Superintendent in consideration of the provisions of the Alabama Accountability Act, the State Report Card System, and other criteria as determined by the State Superintendent. The intent of these grants is to identify and target specific deficiencies of each individual underperforming elementary school and target said deficiencies with high quality and innovative educational supports. In consultation with these schools as well as the local education agencies that respectively oversee these schools, the State Department of Education will develop and oversee a comprehensive plan for school improvement. It is the intention of this provision that all areas of the State Department, including Alabama Reading Initiative, Alabama Math, Science, and Technology Initiative, Office of Mathematics Improvement, and Office of School Improvement, will work together to best serve these selected schools. Schools previously named to this list will be known as Cohort 1. Beginning with the FY 2027 Budget Request, the State Department will recommend a pathway for schools in Cohort 1 to exit this program, and the Department will recommend new schools to replace those exiting the program in subsequent years. These schools may be known as Cohort 2 and so forth. The State Superintendent may also request additional funds so that additional cohorts can be expanded as Cohort 1 schools leave the program over the next few years. Any expansion of new Cohorts should be modest with respect to the purpose of this program which is expected to offer extraordinary supports to a relatively limited number of schools at a time. 2139	The Board in determining those areas in greatest need of medical service shall primarily be guided by information, on the rural primary care service areas that have a deficit of primary-care physicians, provided by the most recent Status Report of the Alabama Primary Care Physician Workforce from the Office for Family Health Education & Research at the UAB Huntsville Regional Medical Campus. Other factors used by the Board in determining areas of greatest need shall include the practice locations agreed to by people granted loans beforehand by the Board but who have not yet started clinical practice, or started practice too late to have been included in the most recent Status Report. The Board shall give preference to physicians that reside in the area of greatest need. The Board shall file a report with the Chair of the Senate Committee on Finance and Taxation-Education, the Chair of the House Ways and Means-Education Committee, the Legislative Fiscal Officer and the Finance Director on October 1, 2025. The Board's report shall include, if determined, where each student who has not started clinical practice has contracted to practice clinical medicine to repay his or her loans. If that area is not a rural primary-care service area identified as having a deficit of primary-care physicians by the most recent Status Report of the Alabama Primary Care Physician Workforce, the Board in its report shall state why it allowed that location as a place where that student could practice to repay his or her loans. The report shall also include the total number of scholarships awarded for the fall term of the 2024-2025 academic year and the institution attended by the scholarship recipients. The report shall also include the name of each scholarship recipient and the number of years the recipient has received a scholarship and, if determined, where the recipient has contracted to practice clinical medicine to repay his or her loans. The report shall also report where contract holders were working in clinical practice to repay their loans, how many in each location, where physicians who had repaid their loans worked to do so, and how many in each location. The report also shall detail the Board's budget and operating expenses for the 2024-2025 fiscal year.

2936 The State Superintendent shall notify all members of the local
2937 legislative delegation five days prior to the announcement of
2938 any grant made to any entity located in the legislative
2939 jurisdiction. The five days prior notice requirement shall be
2940 waived in the event of a declared emergency. The Governor
