Retirement Systems of Alabama
Alabama Clerks and Registers Supernumerary Fund
Montgomery, AL

Dear Sir or Madam:

In this report are submitted the results of the annual valuation of the assets and liabilities of the Alabama Clerks and Registers Supernumerary Fund (CRSF), prepared as of September 30, 2018. The purpose of this report is to provide a summary of the funded status of the Fund as of September 30, 2018, and to recommend rates of contribution. While not verifying the data at source, the actuary performed tests for consistency and reasonability.

The State of Alabama operates a program for Clerks and Registers consisting of the following: (1) pay as you go payments directly from the Administrative Office of Courts to clerks and registers upon election of supernumerary status (retirement), and (2) the Clerks and Registers Supernumerary Fund (CRSF) into which each active clerk and register must contribute six percent (6%) of salary and from which payments are made to surviving spouses of those who meet minimum service requirements.

We have prepared the valuation results using the monthly average of the Bond Buyer Municipal Bond Index Rate published weekly by The Bond Buyer for September 30, 2018 (4.09%) to discount liabilities of the Fund. On this basis the State would need to contribute 263.00% of payroll to the CRSF for the year ending September 30, 2021.

The promised benefits of the Fund are included in the actuarially calculated contribution rates which are developed using the entry age normal cost method. In conjunction with the use of the discount rate described above, we recommend using market value of assets for valuation purposes. Gains and losses are reflected in the unfunded accrued liability that is being amortized over a 15-year period as a level dollar amount. The assumptions recommended by the actuary are in the aggregate reasonably related to the experience under the Fund and to reasonable expectations of anticipated experience under the Fund.

We have prepared the Schedule of Active Member Valuation Data, Schedule of Funding Progress, Trend Information and the Solvency Test for the financial section of the Annual Report.

This is to certify that the independent consulting actuary is a member of the American Academy of Actuaries and has experience in performing valuations for public retirement systems, that the valuation was prepared in accordance with principles of practice prescribed by the Actuarial Standards Board, and that the actuarial calculations were performed by qualified actuaries in accordance with accepted actuarial procedures, based on the current provisions of the Fund and on actuarial assumptions that are internally consistent and reasonably based on the actual experience of the Fund.

October 18, 2019
Retirement Systems of Alabama
Page 2

Future actuarial results may differ significantly from the current results presented in this report due to such factors as the following: plan experience differing from that anticipated by the economic or demographic assumptions; changes in economic or demographic assumptions; increases or decreases expected as part of the natural operation of the methodology used for these measurements (such as the end of an amortization period or additional cost or contribution requirements based on the plan's funded status); and changes in plan provisions or applicable law. Since the potential impact of such factors is outside the scope of a normal annual actuarial valuation, an analysis of the range of results is not presented herein.

Since the program is funded primarily on a pay-as-you-go basis, the Fund is not operating in an actuarially prefunded manner. Assuming that contributions to the Fund are made by the employer from year to year in the future at the rates recommended on the basis of the successive actuarial valuations, the sufficiency of the retirement fund to provide the benefits called for under the Fund may be safely anticipated.

The Table of Contents, which immediately follows, outlines the material contained in the report.

Respectfully Submitted,

**ALABAMA CLERKS AND REGISTERS SUPERNUMERARY FUND
REPORT OF THE ACTUARY ON THE
ANNUAL VALUATION
PREPARED AS OF SEPTEMBER 30, 2018**

SECTION I - SUMMARY OF PRINCIPAL RESULTS

1. For convenience of reference, the principal results of the valuation are summarized below:

VALUATION DATE	September 30, 2018	September 30, 2017
Interest Rate	4.09%	3.57%
Active clerks and registers:		
Number	58	66
Annual compensation	\$4,910,933	\$5,569,651
Supernumerary officials:		
Number	85	79
Annual allowances	\$5,982,966	\$5,500,835
Spouses receiving benefits:		
Number	17	15
Annual allowances	\$537,556	\$474,314
Former clerks and registers eligible for future benefits		
Number	1	3
Estimated Annual allowances	76,710	230,507
Assets:		
Actuarial Value	\$11,960,817	\$12,212,319
Market Value	11,960,817	12,212,319
Unfunded accrued liability	\$116,904,420	\$121,904,853
Funded Ratio	9.3%	9.1%
CONTRIBUTIONS FOR FISCAL YEAR ENDING	9/30/2021	9/30/2020
Actuarially Determined Employer Contribution Rate (ADEC):		
Normal	50.71%	57.63%
Accrued Liability	<u>212.29%</u>	<u>188.18%</u>
Total	263.00%	245.81%
Employer Contribution Rate	263.00%	245.81%
Employee Contribution Rate	<u>6.00%</u>	<u>6.00%</u>
Total	269.00%	251.81%
Amortization Period	15 years	15 years

2. Comments on the valuation results as of September 30, 2018 are given in Section IV and further discussion of the contribution levels is set out in Section V.
3. We have prepared valuation results using the monthly average of the Bond Buyer Municipal Bond Index Rate published weekly by The Bond Buyer for September 30, 2018 (4.09%) to discount liabilities of the Fund.
4. Schedule C of this report outlines the full set of actuarial assumptions and methods used in the current valuation. The valuation takes into account the effect of amendments to the Fund through the valuation date. Provisions of the Fund, as summarized in Schedule E, were taken into account in the current valuation.

SECTION II – MEMBERSHIP

1. The following table shows the number of active clerks and registers and their annual compensation as of September 30, 2018 on the basis of which the valuation was prepared.

TABLE 1
THE NUMBER AND ANNUAL COMPENSATION OF
ACTIVE CLERKS AND REGISTERS AS OF SEPTEMBER 30, 2018

GROUP	NUMBER	COMPENSATION
Males	20	\$1,725,991
Females	<u>38</u>	<u>3,184,942</u>
Total	58	\$4,910,933

2. The following table shows a history of active member valuation data.

TABLE 2
SCHEDULE OF ACTIVE MEMBER VALUATION DATA

Valuation Date	Number	Annual Payroll	Annual Average Pay	% Increase in Average Pay
9/30/2013	68	\$ 5,545,482	\$ 81,551	-7.7%
9/30/2014	68	5,588,766	82,188	0.8%
9/30/2015	67	5,556,230	82,929	0.9%
9/30/2016	67	5,541,686	82,712	-0.3%
9/30/2017	66	5,569,651	84,389	2.0%
9/30/2018	58	4,910,933	84,671	0.3%

3. The following table shows the number and annual retirement allowances payable to members in supernumerary status and their beneficiaries on the roll of the Retirement Fund as of the valuation date.

TABLE 3
**THE NUMBER AND ANNUAL ALLOWANCES OF CLERKS AND REGISTERS
IN SUPERNUMERARY STATUS AND SPOUSES IN RECEIPT
AS OF SEPTEMBER 30, 2018**

GROUP	NUMBER	ANNUAL RETIREMENT ALLOWANCES
Supernumerary Officials	85	\$5,982,966
Spouses Receiving Benefits	<u>17</u>	<u>537,556</u>
Total	102	\$6,520,522

In addition, there is one former clerks and registers member eligible for future benefits totaling \$76,710 annually and five non-vested former clerks eligible for a refund of contributions.

4. Table 1 of Schedule F gives the distribution by age and by years of service of the active clerks and registers included in the valuation, while Table 2 gives the number and annual retirement allowances of supernumerary officials and spouses receiving benefits included in the valuation, distributed by age.

SECTION III – ASSETS

1. As of September 30, 2018 the total market value of assets reported by the System and used for valuation purposes amounted to \$11,960,817.
2. Schedule B shows the receipts and disbursements of the Fund for the two years preceding the valuation date and a reconciliation of the fund balances at market value.

SECTION IV - COMMENTS ON VALUATION

1. Schedule A of this report contains the valuation balance sheet which shows the present and prospective assets and liabilities of the Fund as of September 30, 2018.
2. The valuation balance sheet shows that the Fund has total prospective liabilities of \$154,053,426. Of this amount, \$100,174,350 is for the prospective benefits payable on account of present supernumerary officials, spouses receiving benefits and former clerks and registers eligible for future benefits and \$53,879,076 is for the prospective benefits payable on account of present active clerks and registers. Against these liabilities, the Fund has total present actuarial value of assets of \$11,960,817 as of September 30, 2018. The difference of \$142,092,609 between the total liabilities and the total present actuarial value of assets represents the present value of contributions to be made in the future. Of this amount, \$2,668,174 is the present value of future contributions expected to be made by active clerks and registers, and the balance of \$139,424,435 represents the present value of future contributions payable by the employer.
3. The determination of the employer's required contributions consist of normal contributions and accrued liability contributions. The valuation indicates that employer normal contributions at the rate of 50.71% of payroll are required to provide the benefits of the Fund.
4. Prospective normal contributions at the rate of 50.71% have a present value of \$22,520,015. When this amount is subtracted from \$139,424,435, which is the present value of the total future contributions to be made by the employer, there remains \$116,904,420 as the amount of future accrued liability contributions. Annual accrued liability contributions at the rate of 212.29% of payroll will liquidate the unfunded accrued liability within 15 years from the valuation date.

SECTION V - CONTRIBUTIONS PAYABLE BY EMPLOYER

1. On the basis of the actuarial valuation prepared as of September 30, 2018 it is recommended that the employer make contributions at the following rates:

TABLE 4

RECOMMENDED CONTRIBUTION RATES

	PERCENTAGE OF ACTIVE CLERKS' AND REGISTERS' COMPENSATION
Interest Rate	4.09%
CONTRIBUTION	
Normal	50.71%
Accrued Liability	<u>212.29%</u>
Total	263.00%

SECTION VI – ANALYSIS OF FINANCIAL EXPERIENCE

The following table shows the estimated gain or loss from various factors that resulted in a decrease of \$5,000,433 in the unfunded accrued liability from \$121,904,853 to \$116,904,420 during the year ending September 30, 2018.

ANALYSIS OF FINANCIAL EXPERIENCE

(in thousands of dollars)

ITEM	AMOUNT OF INCREASE/ (DECREASE)
Interest (3.57%) added to previous unfunded accrued liability	\$ 4,352.0
Accrued liability contribution*	(2,384.5)
Experience:	
Valuation asset growth	495.9
Pensioners' mortality	124.0
Turnover and retirements	3,539.3
New entrants	306.2
Salary increases	(183.9)
Method changes	0.0
Amendments/COLA	(2,673.8)
Change in Assumptions	(8,244.4)
Data Change	(331.2)
Miscellaneous changes	<u>0.0</u>
Total	\$ (5,000.4)

*Equal to the estimated total employer contributions during the fiscal year (benefit payments from the general fund) less the estimated portion of contributions attributed to normal cost for the year, adjusted for interest to September 30, 2018 ($(\$5,477,000 - 3,134,317) \times 1.01785$).

SECTION VII - ACCOUNTING INFORMATION

The Clerks and Registers Supernumerary Fund does not come under the scope of Governmental Accounting Standards Board Statements 67 and 68 since benefits to Plan members are not paid from Plan assets. The following information is provided for informational purposes only.

- The following is a distribution of the number of employees by type of membership, as follows:

**NUMBER OF ACTIVE AND RETIRED MEMBERS
AS OF SEPTEMBER 30, 2018**

GROUP	NUMBER
Retirees and beneficiaries currently receiving benefits	102
Terminated employees entitled to benefits but not yet receiving benefits	6
Active Members	<u>58</u>
Total	166

- The schedule of funding progress is shown below.

SCHEDULE OF FUNDING PROGRESS

Actuarial Valuation Date	Actuarial Value of Assets (a)	Liability (AAL) Entry Age (b)	Unfunded AAL (UAAL) (b - a)	Funded Ratio (a / b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ((b - a) / c)
9/30/2013 *	\$ 11,222,081	\$ 103,201,420	\$ 91,979,339	10.9%	\$ 5,545,482	1658.6%
9/30/2014 *	11,598,976	110,264,023	98,665,047	10.5%	5,588,766	1765.4%
9/30/2015 *	11,863,994	117,659,169	105,795,175	10.1%	5,556,230	1904.1%

*Reflects change in the discount rate (20 year high-quality tax exempt municipal bond index rate).

SCHEDULE B

SUMMARY OF RECEIPTS AND DISBURSEMENTS

	YEAR ENDING	
	September 30, 2018	September 30, 2017
<u>Receipts for the Year</u>		
Contributions:		
Members	\$342,143	\$337,923
Employer*	0	0
Subtotal	\$342,143	\$337,923
Investment Income	336,121	393,204
Unrealized Gain (Loss)	(402,045)	(300,235)
TOTAL	\$276,219	\$430,892
<u>Disbursements for the Year</u>		
Benefit Payments**	\$521,151	\$474,314
Refunds to Members	9,205	25,092
TOTAL	\$530,356	\$499,406
<u>Excess of Receipts over Disbursements</u>	<u>(254,137)</u>	<u>(68,514)</u>
<u>Reconciliation of Asset Balances</u>		
Market Value of Assets as of Beginning of Year	\$12,212,319	\$12,280,833
Audit Adjustment	\$2,635	
Market Value of Assets after Adjustment	\$12,214,954	
Excess of Receipts over Disbursements	<u>(254,137)</u>	<u>(68,514)</u>
Market Value of Assets as of End of Year	<u>\$11,960,817</u>	<u>\$12,212,319</u>

*No employer contributions are made to the Fund. Active members contribute 6% of salary for surviving spouse's benefits.

**Represents benefit payments from the fund for surviving spouse's benefits. Benefit payments to Supernumerary officials are made on a pay-as-you-go basis from the Administrative Office of Courts.

SCHEDULE C

OUTLINE OF ACTUARIAL ASSUMPTIONS AND METHODS

The assumptions and methods used in the valuation were selected based on the actuarial experience study prepared as of September 30, 2010, submitted to and adopted by the Board on January 27, 2014. The assumed mortality tables and salary increase rates were based on the actuarial experience study prepared for the Judicial Retirement Fund as of September 30, 2015, submitted to and adopted by the Board on September 29, 2016.

INVESTMENT RATE OF RETURN: The 20 year high-quality tax exempt municipal bond index rate, 4.09% as of September 30, 2018, including inflation of 2.75%

SALARY INCREASES: 3.00% per annum, at all ages, including wage inflation at 3.00%.

SEPARATIONS BEFORE ELIGIBILITY FOR SUPERNUMERARY STATUS: Representative values of the assumed annual rates of death, withdrawal and disability are as follows:

<u>Age</u>	<u>Annual Rate of</u>			
	<u>Withdrawal</u>	<u>Death*</u>		<u>Disability**</u>
		<u>Male</u>	<u>Female</u>	
30	0.00%	0.0376%	0.0149%	0.090%
35	0.00	0.0655	0.0268	0.110
40	0.00	0.0914	0.0399	0.170
45	5.50	0.1278	0.0635	0.300
50	2.50	0.1812	0.0947	0.500
55	2.50	0.2567	0.1371	0.880
60	2.50	0.3815	0.1929	1.560
64	2.50	0.5070	0.2558	2.250

* Rates of pre-retirement mortality are according to the sex distinct RP-2000 Employee Mortality Table (with the sex distinct RP-2000 Combined Mortality Table for ages over 70) projected with Scale BB to 2020 with an adjustment factor of 90% for males and 60% for females.

**Disability rates turn off at retirement eligibility.

RATES OF ATTAINING SUPERNUMERARY STATUS: The assumed annual rates of becoming a Supernumerary official are as follows:

<u>Age</u>	<u>Annual Rate</u>
54 & Under	25.0%
55- 59	22.0
60-64	20.0
65-69	12.0
70-74	15.0
70+	100.0

DEATHS AFTER BECOMING A SUPERNUMERARY OFFICIAL: Rates of mortality for the period after becoming a supernumerary official are according to the sex distinct RP-2000 White Collar Mortality Table projected to 2020 using scale BB and adjusted 115% for males for all ages and 112% for females older than age 78. Rates of mortality for the period after disability retirement are according to the sex distinct RP-2000 Disabled Mortality Table projected to 2020 using scale BB and adjusted 105% for males and 120% for females. Representative values of assumed mortality are as follows:

Age	Service Retirement		Disability Retirement	
	Male	Female	Male	Female
55	0.3575%	0.2339%	3.5044%	1.7959%
60	0.5579	0.3825	3.8359	2.1434
65	0.9991	0.6795	4.1382	2.6417
70	1.6384	1.1928	4.8570	3.5474
75	2.8589	2.0200	6.3692	4.9231
80	5.0501	3.7900	8.4883	6.8160
85	8.8966	6.5271	10.9897	9.4450
90	16.4327	11.3249	15.4359	13.4706

ASSETS: Market value.

PERCENT MARRIED: 100% of active members are assumed to be married with the male three years older than his spouse.

VALUATION COST METHOD: Individual entry age actuarial cost method. Actuarial gains and losses are reflected in the unfunded actuarial accrued liability.

COST OF LIVING: Increases of 3.00% annually.

EXPENSE LOAD: None.

SCHEDULE D

ACTUARIAL COST METHOD

1. The valuation is prepared on the projected benefit basis, under which the present value, at the interest rate assumed to be earned in the future, of each member's expected benefit payable at retirement or death is determined based on his age, service, sex and compensation. The calculations take into account the probability of a member's death or termination of employment prior to becoming eligible for a benefit, as well as the probability of his terminating with a service, disability or survivor's benefit. Future salary increases are also anticipated. The present value of the expected benefits payable on account of the active members is added to the present value of the expected future payments to retired members and beneficiaries to obtain the present value of all expected benefits payable from the Fund on account of the present group of members and beneficiaries.
2. The employer contributions required to support the benefits of the Fund are determined following a level funding approach, and consist of a normal contribution and an accrued liability contribution.
3. The normal contribution is determined using the "individual entry age normal" method. Under this method, a calculation is made to determine the uniform and constant percentage rate of employer contribution which, if applied to the compensation of each new member during the entire period of his anticipated covered service, would be required in addition to the contributions of the member to meet the cost of all benefits payable on his behalf.
4. The unfunded accrued liability contributions are determined by subtracting the present value of prospective employer normal contributions and member contributions together with the current assets held from the present value of expected benefits to be paid from the Fund.

SCHEDULE E

**SUMMARY OF MAIN PLAN PROVISIONS
AS INTERPRETED FOR VALUATION PURPOSES**

The following summary describes the main benefit and contribution provisions of The Alabama Clerks and Registers Supernumerary Fund as interpreted for the valuation. The Fund was closed to new members effective November 8, 2016.

1 - DEFINITIONS

A “Supernumerary Official” is a former clerk or register who has met the age and service requirements who takes the oath of office as a Supernumerary Clerk or Register. “Service” is the service, prior service, and any other previous service established as creditable in accordance with the provisions of the retirement law.

2 - BENEFITS

Supernumerary Official Status

Condition for Allowance

A clerk or register may become a supernumerary official after he or she has completed 23 years of service at any age, or according to the following table:

<u>Age</u>	<u>Years of Service</u>
55 to 59	18
60	17
61	16
62 to 64	15
65 to 69	12
70	10

Amount of Allowance

A supernumerary official is paid 75% of the State salary payable to the clerk or register on the date he or she attains a supernumerary status. Increases in allowances are granted when active State Employees receive a cost-of-living salary increase.

Disability Allowance

Condition for Allowance

A disability supernumerary allowance may be granted to a member who becomes totally and permanently disabled while in office and who has 5 years or more of service.

Amount of Allowance

75% of the State salary payable to the clerk or register on the date he or she attains supernumerary status.

Benefits Payable on Separation from Service with 12 or more Years of Service

Condition for Allowance

Any clerk or register who ceases to be in service who has met the service eligibility for supernumerary status (12 or more years) is entitled to be commissioned a supernumerary clerk or register upon attaining the specified age.

Amount of Allowance

75% of the State salary payable to the clerk or register on the date he or she attains supernumerary status.

Benefits Payable on Separation From Service with less than 12 Years of Service

Refund employee contributions plus accrued interest.

Benefits Payable upon Death in Active Service

Condition for Allowance

In case of the death of a clerk or register in active service who is eligible for supernumerary status, a spousal benefit is payable to the surviving spouse.

Amount of Allowance

3% at the salary payable from the State treasury for the position of circuit clerk for each year of service, not to exceed 30%.

Benefits Payable upon Death in Supernumerary Status

Condition for Allowance

Surviving spouses of clerks and registers who assume supernumerary status on or after January 16, 1989, are eligible for spousal benefits upon the death of the clerk or register.

Amount of Allowance

3% at the salary payable from the State treasury for the position of circuit clerk for each year of service, not to exceed 30%.

Form of Payment

Modified cash refund.

3 - CONTRIBUTIONS

Member Contributions

Each active clerk and register contributes 6% of his salary.
