

PEEHIP Members:

Effective October 1, 2021, your monthly premium for your PEEHIP coverages may have changed. The reason for this change is the annual application of the Alabama sliding scale law which adjusts the premiums each year of PEEHIP members who retired on or after October 1, 2005. Please also remember that in addition to annual adjustments made by the sliding scale law, if you also made any coverage changes or began incurring any new premiums this open enrollment, those changes would also have impacted your monthly premium.

Your PEEHIP premium is subject to change each plan year effective October 1. Pursuant to the sliding scale law, your premium is calculated by starting with the base premium as set by the PEEHIP Board of Control and adjusting that base premium by applying a formula that calculates an annual adjustment using the cost of healthcare to the plan and factors set forth by the law.

For more information about the sliding scale law and how retiree premiums are calculated under this law, please see the dedicated sliding scale pages with examples on our website at <https://www.rsa-al.gov/peehip/benefits-policies/sliding-scale-information-for-non-medicare-eligible-retirees/>
