About RSA-1

RSA-1 is an eligible deferred compensation plan as defined by Section 457 of the Internal Revenue Code of the United States. The plan is authorized by §36-27A-1, et. seq., *Code of Alabama 1975*. Under this deferred compensation plan, a public employee may elect to defer receipt of a portion of his or her salary until a later determined date, usually at retirement or termination of service. Because receipt of the income is deferred, the deferred income is not included in the participant's current federal or state of Alabama gross taxable income.

The deferred income is paid into the RSA-1 Deferred Compensation Plan and invested for the participant's benefit. Investment earnings are accumulated in the fund and, like the deferred income, are not subject to federal or state of Alabama income taxation until distributed to the employee. Deferred income and the investment earnings are held in the participant's account for the exclusive benefit of the plan participants and their beneficiaries. An amended and restated RSA-1 Plan Document is available on the RSA website or by calling RSA-1 at 877.517.0020 to request a copy.

No Fees

Unlike other funds, there are **no** administrative, membership, investment, transaction, sales, or commission fees for participating in the RSA-1 Deferred Compensation Plan. All the money you defer and all investment earnings are placed into your account and invested by RSA-1.

PEIRAF Board of Control

RSA-1 is administered by the Secretary-Treasurer of the Employees' Retirement System under the supervision and direction of the PEIRAF Board of Control, which is composed of members of the investment committees of the Teachers' and Employees' Boards of Control. This Board is authorized to make the rules and regulations governing RSA-1 in conformance with the requirements of the Internal Revenue Code.

Administrative Cost

The administrative cost for the operation of RSA-1 is provided from the expenses of the Employees' (ERS) and Teachers' (TRS) Retirement Systems. No additional state funds are used to administer RSA-1.

Account Corrections

Participants and beneficiaries are responsible for checking the accuracy of their quarterly statements. If an incorrect investment, exchange, or transfer is made, they must notify the Plan Administrator within 180 days of the closing date of the statement that reported the incorrect transaction. Incorrect investments, exchanges, and transfers will not be adjusted if the request is not received by the Plan Administrator within 180 days of the closing date of the statement.

Participation

Employee Eligibility

Any public official or employee of the state of Alabama, supernumeraries, and those eligible employees under §36-27-6, or any political subdivision thereof is eligible to participate in the RSA-1 Deferred Compensation Plan, regardless of age or participation in the RSA. Participation in RSA-1 is strictly voluntary.

Employee Enrollment

You can enroll in RSA-1 at any time. Enrollment forms are located at the back of this handbook and on our website. To participate in RSA-1 you must complete the:

- RSA-1 ENROLLMENT form
- BENEFICIARY DESIGNATION form
- INVESTMENT OPTION ELECTION FOR NEW ACCOUNTS form

Submit the completed forms to the RSA-1 Deferred Compensation Plan to establish an account. Deferrals should not be submitted until RSA-1 has received the RSA-1 ENROLLMENT form. Once an account is established, you initiate salary deferrals by filing an AUTHORIZATION TO DEFER COMPENSATION form with your **payroll officer**. You can only defer contributions to RSA-1 through payroll deductions. Do not send the AUTHORIZATION TO DEFER COMPENSATION form to RSA-1 or the RSA.

Easy to Make Deferrals

Deferrals may be in any amount desired (for example, \$10, \$20, \$50, etc.) as long as you do not exceed the maximum deferral allowable under federal law. The amount of your deferral may be increased, decreased, or suspended as often as you wish, subject only to employer payroll requirements. For your protection, account information is not given over the phone or through email. Once the request is received, a letter is sent to the address on file.

Designation of Beneficiary

It is very important to maintain current beneficiary designations. Federal tax laws dictate certain requirements for distributions of your RSA-1 account to your beneficiary(ies) after your death. If you have not recently reviewed your beneficiary designation(s), please do so as you prepare to terminate employment or retire. Please note that if the primary beneficiary predeceases you, the contingent beneficiary will receive the funds. If you need to change your beneficiary, download a BENEFICIARY DESIGNATION form from our website or contact Member Services.

Change of Address

Having your current home mailing address on file with RSA-1 is very important. Many important documents are mailed to you, including account statements. You can change your address online or by completing the ADDRESS CHANGE NOTIFICATION, which can be downloaded from our website or obtained from Member Services.

RSA-1 Statement

The RSA-1 statement verifies the balance and earnings for each investment option as of December 31, March 31, June 30, and September 30. Your designated beneficiary is also listed on the statement. To view your account, visit Member Online Services on our website. You can also request information by contacting Member Services at 877.517.0020 or emailing rsa1info@rsa-al.gov.

Deferring to RSA-1 Equals Tax Savings

The income you defer is paid into your RSA-1 account and invested for your benefit. Investment earnings are accumulated in the fund and, like the deferred income, are not subject to federal or state of Alabama income taxation until distributed to you. Deferred income and the investment earnings are held in your account for the exclusive benefit of you and your beneficiary(ies).

Tax Savings

The following demonstrates how participation in RSA-1 can help you reduce current taxes:

- An employee earning \$1,000 semimonthly
- Deferring \$100 into RSA-1 semimonthly
- Filing as single with one withholding allowance

Tier 1 Members	Contributing to RSA-1	Not Contributing to RSA-1
Semimonthly pay	\$1,000.00	\$1,000.00
RSA-1 Deferral	\$100.00	\$0.00
7.5% Retirement Contribution	\$75.00	\$75.00
Federal Tax*	\$49.44	\$61.44
State Tax**	\$32.00	\$36.00
FICA	\$76.50	\$76.50
Take-Home Pay	\$667.06	\$751.06

Tier 2 Members	Contributing to RSA-1	Not Contributing to RSA-1
Semimonthly pay	\$1,000.00	\$1,000.00
RSA-1 Deferral	\$100.00	\$0.00
6.0% Retirement Contribution	\$60.00	\$60.00
Federal Tax*	\$51.24	\$63.24
State Tax**	\$33.00	\$37.00
FICA	\$76.50	\$76.50
Take-Home Pay	\$679.26	\$763.26

In these examples, deferring \$100 only decreases your take-home pay by \$84 while saving \$16 on taxes.

Power of Compounding

Many retirees frequently say their biggest regret is that they did not start saving earlier. By committing to a savings plan early, you can contribute less but save more.

How does this work?

This financial phenomena is known as the Power of Compounding. As the years pass, the money you invest in the RSA-1 Deferred Compensation Plan will continue to earn tax-free monies. By reinvesting these monies, additional funds are earned, continuing this cycle year after year. The following example illustrates the power of compounding. This example assumes a 6% rate of interest and is for illustrative purposes only. It is in no way indicative of the future performance of any of the investment options available through RSA-1.

- Will started deferring \$50 monthly into his RSA-1 Deferred Compensation Plan account when he was 25 years old. At age 55, Will's account balance will be \$50,226.
- Katherine started deferring \$75 monthly into her RSA-1 Deferred Compensation Plan account when she was 35 years old. At age 55, Katherine's account balance will be \$34,653.
- Both contributed a total of \$18,000 but Will contributed a smaller amount each month over a longer period of time and still accumulated \$15,573 more than Katherine. **This is the power of compounding.**

The Advantage of Beginning Early

The earlier you begin participating in RSA-1, the larger the difference in long-term accumulation. The chart below is an example based on a monthly contribution of \$100 earning an assumed interest rate of 7%, compounded monthly.

Beginning Age	Value at age 65	Total Amount Contributed	Cost of Waiting 1 Year
25	\$264,012	\$48,000	\$18,961
26	\$245,051	\$46,800	
35	\$122,709	\$36,000	\$9,435
36	\$113,274	\$34,800	
45	\$52,397	\$24,000	\$4,695
46	\$47,702	\$22,800	

*This chart is for illustrative purposes only. It is in no way indicative of the future performance of any of the investment options available through RSA-1.

Investing in RSA-1

Investment Options

RSA-1 funds are invested under the same authority and restrictions that govern investments made by the Teachers' and Employees' Retirement Systems. The RSA-1 Deferred Compensation Plan offers the option to invest in fixed income, equity, and/or short-term investments (STIF). The funds in the RSA-1 fixed income, equity, and short-term investment options are invested as a pool. You chose how to allocate your funding among those pools.

- **The RSA-1 fixed income portfolio** is invested in various debt instruments greater than one year such as corporate bonds, U.S. agency obligations, government national mortgage association securities, and commercial paper.
- **The equity portfolio** is invested in a S&P 500 Index Fund, which consists of 500 large capitalization stocks.
- **The STIF option** provides liquidity and preserves capital by reducing exposure to market volatility. Typically, short-term investments encounter less market risk than do equity and fixed income because of their short duration. Therefore, they usually provide a lower rate of return than investments in those categories.
 - Investments under the STIF option could include high-quality money market securities, U.S. Treasury bills or notes, and U.S. government agency notes with a maturity of one year or less. Just as the fixed income and equity funds, an investment in a STIF account is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although this investment option seeks to preserve the value of your investment, it is possible to lose money by investing in the fund.

Earnings or losses are posted to your account monthly and your accounts are valued monthly at market value. The RSA-1 staff can further explain these options to you, but cannot advise you regarding which particular option to elect.

When it comes to risk and reward, equity and fixed income generally behave differently. When choosing between the equity, fixed income, and STIF options, you should strive for an optimal blend of risk and reward — based on your age, years until retirement, and tolerance for risk.

New Participants

New participants must complete the RSA-1 ENROLLMENT, BENEFICIARY DESIGNATION, and INVESTMENT OPTION ELECTION FOR NEW ACCOUNTS forms to open an RSA-1 account. Those three forms are to be completed and returned to RSA-1. A fourth form, the AUTHORIZATION TO DEFER COMPENSATION, is to be completed and returned to your own payroll officer.

Existing Participants

Existing participants will be able to change their investment option every 90 days. The election will remain in effect until a subsequent eligible election is made, but it must remain in effect for 90 days. If you do not wish to change your investment option, the election will remain in effect until you decide to make a change. You may stop deferrals at any time, but the election will remain in effect if you subsequently resume deferrals. The INVESTMENT OPTION ELECTION FOR EXISTING ACCOUNTS form is on the website, or you may request it from Member Services.

Tax Information

You do not pay current federal or state income taxes on your investment earnings. RSA-1 deferrals and earnings are only subject to taxes when the funds are withdrawn from RSA-1.

Rates of Return

Your earnings are based on market conditions. For historical rates of return on investments, visit our website or call Member Services. Past performance is no guarantee of future performance.

Deferral Limits

Annual Contribution Maximums

There is no minimum amount you must defer. Deferrals do not affect retirement benefits because retirement benefits are calculated on your gross salary. The maximum amount you may defer per year is 100% of your includable compensation reduced by other tax-deferred retirement contributions and pre-tax salary reductions, but not more than the following annual contribution maximums:

**For 2022, if you are under 50, the maximum amount is \$20,500.
For 2022, if you are 50 and over, the maximum amount is \$27,000.**

Participation in Other Plans

If you are making deferrals to another Section 457 plan, the annual contribution maximum applies to all 457 plans. For example, if you are deferring \$9,000 in 2021 to RSA-1, you are limited to a total of \$10,500 (or \$17,000 age 50 and over) with any other 457 plan in that calendar year. If you are contributing to a 403(b) or a 401(k), the limits to those plans will not be affected by RSA-1 deferrals.

Catch-Up Deferrals

Catch-Up Maximums

If you did not defer the maximum deferral amount in the years beginning with 1986 and were eligible to participate, you may “catch-up” unused eligible amounts for one to three years if you are within three years of normal retirement age and are eligible for an unreduced pension.

For 2022, the catch-up maximum is \$41,000.

The RSA-1 plan allows members to make catch-up deferrals during the three calendar years that **end prior to Normal Retirement Age (NRA)**. Normal Retirement Age is the age you choose solely for the purpose of initiating your catch-up election. This age must occur no later than 70 ½ and be no earlier than the year you would be eligible for retirement benefits. To be eligible, the member must have unused eligible amounts from years in which the maximum amount was not contributed. Total deferrals during the three-year catch-up period, including current year deferrals, must not exceed the annual catch-up maximum per calendar year. **You cannot participate in the Age 50 and Over Deferral Maximum and Catch-Up provisions at the same time.** The following rules apply:

- The NRA determines the three-year period during which you are eligible to make Special Catch-Up contributions.
- At NRA, you are able to receive benefits under the ERS or TRS pension plan.
- You cannot elect a NRA before you are otherwise eligible for retirement or after age 70 ½.
- You cannot use the Special Catch-Up in the calendar year in which you reach the NRA you elect.
- You may use the Special Catch-Up in the year you retire if your retirement occurs in one of the three calendar years immediately prior to the year in which you reach the NRA elected above.
- You can only make this election once and this election is irrevocable once you begin making Special Catch-Up contributions.
- The Special Catch-Up contributions cannot exceed the amounts determined on the Special Catch-Up Worksheet.
- RSA-1 must approve the SPECIAL CATCH-UP ELECTION AND WORKSHEET before catch-up deferrals can be made.

Sick and Annual Leave Deferrals

If you are eligible to receive payment for sick and annual leave at termination of employment, you may defer up to the maximum limit in the year you terminate employment.

Distribution of Funds

Availability of Funds

RSA-1 funds cannot be assigned or alienated.

Conditions for Withdrawal

RSA-1 is not a savings account from which you make periodic withdrawals. Rather, it is a retirement account that is available only after you have either retired or otherwise terminated employment. The withdrawal must be a bona fide severance of employment, with no prearranged re-employment.

You may not withdraw your account unless you meet one of the following conditions:

- Separation from service through retirement or termination from employment
- Attainment of age 70 1/2
- Unforeseeable emergency (contact RSA-1)
- Small balance withdrawal (contact RSA-1)

Current IRS regulations require that distributions begin no later than April 1 of the calendar year following the calendar year in which the employee attains age 72 or retires, whichever is later.

Unforeseeable Emergency

An unforeseeable emergency is defined as follows:

- You and/or your dependent are faced with a severe hardship resulting from a sudden and unexpected illness or accident.
- You are faced with a severe hardship resulting from loss of property due to flood, fire, or windstorm.
- Other similar and extraordinary circumstances arising as a result of events beyond your control.

In case of withdrawals due to unforeseeable emergencies, payment may not be made if:

- The loss was protected by insurance.
- The loss can be satisfied by liquidation of the participant's assets to the extent the liquidation of such assets would not in itself cause severe financial hardship.
- The loss can be satisfied by stopping payroll deductions to this plan.

In the event of emergency withdrawals described above, payments from your account can only be made to the extent reasonably necessary to satisfy the emergency. Situations that may qualify as an unforeseeable emergency:

- Imminent foreclosure or eviction from one's primary residence
- Unreimbursed necessary medical expenses (excluding cosmetic procedures)
- Funeral expenses of a spouse, dependent, or beneficiary

Hardships that do not fall into the unforeseeable category described above do not qualify for withdrawal. Withdrawals will not be allowed for buying a home, college expenses, or other similar purposes.

After a distribution for an unforeseeable emergency, a participant must stop deferrals for a six-month period.

If you think you qualify, complete the FINANCIAL HARDSHIP DISTRIBUTION REQUEST form located on our website or contact Member Services to request the form.

Small Balance Withdrawal

The Internal Revenue Service allows a cash-out provision if **all** the following conditions are met:

- The account balance is \$5,000 or less.
- There have been no deferrals into the account for 24 months prior to the cash-out distribution.
- There have been no prior distributions other than hardship distributions.

Distribution Elections

With the exception of Required Minimum Distributions (RMDs), the following distribution elections are permitted only upon retirement or other termination of service. See **Conditions for Withdrawal**. The account(s) will continue to have interest posted to the balance each month. You may leave the balance in your account until you request a distribution or you retire or terminate service and reach age 72 when it is necessary to start the RMD. At the time of retirement or separation from service, you may choose one or a combination of the following distribution elections:

- **Periodic Payments:** Members who elect to receive a periodic payment for a period of 10 years or more may use Form W-4P to elect to have zero federal income tax withheld from payments, or to elect to have additional federal income tax withheld. In the absence of a Form W-4P election to the contrary, the amount withheld from such payments will be determined by treating the member as a married individual claiming three withholding exemptions. In all cases, the member will be responsible for taxation on federal tax returns. If the periodic payment is for a period less than 10 years, the IRS requires RSA-1 to withhold 20% for federal income tax.
 - **Fixed Dollar Amount:** You may have your account funds distributed in a specified dollar amount until your account is exhausted.
 - **Fixed Time Period:** You may have your account funds distributed periodically based on a specific number of years.
- **Lump-Sum Payments:** The IRS requires RSA-1 to withhold 20% of the payment for federal income tax.
 - **Partial Lump-Sum:** You may receive a partial lump-sum payment and leave the balance in the account.
 - **Full Lump-Sum:** You may receive a lump-sum payment consisting of the balance in the account(s).
- **Combination of Elections:** Participants may take a partial lump-sum payment and start periodic payments or a partial lump-sum payment and roll over a portion or the remaining balance to an eligible retirement plan.

Re-employment

If you return to work part-time with any employer eligible to participate in RSA-1, you may continue to receive distributions under the fixed dollar amount or fixed time period options, provided the election was made prior to returning to work. No lump-sum or partial lump-sum distributions will be permitted while you are employed. If you return to work full-time, all distributions must cease except for financial hardship, small balance, and 70 1/2 voluntary distributions.

Payment Information

Monthly and annual payments are mailed and electronic deposits are made the last business day of each month. Full lump-sum and partial payment checks are mailed on the last business day of the week or are available for pickup at the RSA Headquarters. No interest will be paid on the monthly interest posting date after the account has been distributed in full. If you sever employment and your account value is less than \$1,000, the Plan Administrator may pay the account in a lump-sum or permit you to roll over the account balance.

Required Minimum Distributions

Required Minimum Distributions (RMDs) are the minimum amounts that must eventually be distributed from the plan to participants and beneficiaries. Participants and beneficiaries who do not take timely RMDs from the plan will be subject to a 50% excise tax on the amount of the required minimum distribution that should have been distributed. Of course, distributions can be made in greater amounts than the minimum required by law. In general, a participant is required to begin distributions no later than April 1 of the calendar year following the later of:

The calendar year the participant attains age 72

Or

The calendar year the participant retires

A participant's RMDs are generally distributed during a participant's lifetime based upon the participant's life expectancy. RMD rules continue to apply after the participant's death.

Required Minimum Distribution of Benefits for Beneficiaries

Participant's death occurred before January 1, 2022: If minimum distributions had begun before the participant's death, annual distributions must continue based on the longest life expectancy (either the beneficiary's or participant's remaining life expectancy based on the age that the participant would have reached in the year that he or she died). If the participant is not already receiving distributions, the beneficiary is subject to RMDs. When a beneficiary must begin receiving minimum distributions depends upon whether or not he or she is the surviving spouse, whether an estate or trust is the beneficiary, or whether the deceased participant had already begun receiving minimum payments before death. RMDs must be made to a beneficiary when the participant has not begun to receive RMDs before death:

If the beneficiary is the surviving spouse, there are two options for required minimum distributions:

- **Five-Year Rule:** The entire death benefit amount must be distributed by December 31 of the calendar year containing the fifth anniversary of the participant's death. This election must be made by December 31 of the year following the participant's death.
- **Life Expectancy Rule:** The death benefit must begin to be paid out over the spouse's life expectancy beginning by the later of December 31 of the year in which the deceased participant would have reached age 72 or December 31 following the participant's death.

Upon the death of the spousal beneficiary, the remaining amount is paid as a lump-sum or rollover to the spouse's beneficiary.

If the beneficiary is a non-spouse, there are two options for required minimum distributions:

- **Five-Year Rule:** The entire death benefit amount must be distributed by December 31 of the calendar year containing the fifth anniversary of the participant's death. This election must be made by December 31 of the year following the participant's death.
- **Life Expectancy Rule:** The death benefit must begin to be paid out over the non-spouse's life expectancy beginning by December 31 of the year following the participant's death.

Upon the death of the non-spousal beneficiary, the remaining amount is paid as a lump-sum to that beneficiary's estate. If the beneficiary is an estate, the entire death benefit amount must generally be distributed by December 31 of the calendar year containing the fifth anniversary of the owner's death (Five-Year Rule). It is the responsibility of the beneficiary to designate under which option he or she will receive the RMD. Should the beneficiary fail to designate an option, RSA-1 will make the RMD to the beneficiary on an annual basis using the Life Expectancy Rule.

Participant's death occurred after December 31, 2021: The IRS requires different distribution rules for beneficiary accounts for participants who died after December 31, 2021. Designated beneficiaries who do not fall under an exception listed below must withdraw the full account balance within 10 years, and non-designated beneficiaries must do so within 5 years. The Ten-Year Rule does not apply to an "eligible designated beneficiary," which includes a beneficiary who, as of the participant's death, is a surviving spouse, a minor child, a disabled person, a chronically-ill person, or any person not more than 10 years younger than the participant. Such eligible designated beneficiaries may spread RMDs over the beneficiary's expected lifetime, with some exceptions, including that for a minor child, the Ten-Year Rule begins to apply on the date that the minor child reaches the age of majority.

Transfers and Rollovers

Transfers to Purchase Permissive Service Credit

You may use your RSA-1 funds to purchase permissive service credit with a governmental defined benefit plan such as ERS and TRS. If you wish to purchase permissive service credit with the ERS or TRS, please contact the ERS or the TRS at 877.517.0020 for information on how to make this purchase. You must complete the IN-SERVICE TRANSFER TO PURCHASE PERMISSIVE SERVICE CREDIT form. This form is located on our website or can be requested through Member Services.

Transfers/Rollovers to Other Plans

RSA-1 allows transfers to other state of Alabama 457 plans while you are still in-service. Once you are eligible for distributions due to retirement, termination, or death, you or your beneficiary may roll over your RSA-1 funds to a Section 401(k), 403(b), 457 plan, Roth IRA, or a Traditional IRA. The OUTGOING TRANSFER OR ROLLOVER TO ELIGIBLE PLANS form must be requested from Member Services. A rollover to a Roth IRA is a taxable event, requiring a mandatory federal income tax withholding of 20%.

457 Transfers to RSA-1

RSA-1 accepts trustee-to-trustee transfers from a participant's other Section 457 plans. An RSA-1 account must be established prior to the transfer. Funds transferred from other Section 457 accounts must never have been from any source other than 457(b).

To transfer these funds:

- Complete the INCOMING TRANSFER FROM OTHER SECTION 457 PLANS TO RSA-1 form and the INVESTMENT OPTION ELECTION FOR INCOMING TRANSFERS form.
- The Trustee of the previous 457 plan must complete and sign Part II of the INCOMING TRANSFER TO RSA-1 form.
- Send the original completed notarized forms to RSA-1.

Rollovers to RSA-1

RSA-1 accepts rollovers from eligible employer DROP, PLOP, or ERIP accounts once you have terminated employment. Only participants, not spouses or other beneficiaries, can roll into RSA-1.

- **If you are not a member of RSA-1**, complete the RSA-1 ENROLLMENT form, BENEFICIARY DESIGNATION form, and the INVESTMENT OPTION ELECTION FOR NEW ACCOUNTS form (DROP, PLOP, or ERIP Rollover section). Return the notarized forms to RSA-1 prior to terminating employment.
- **If you are already a member of RSA-1**, complete the INVESTMENT OPTION ELECTION FOR NEW ACCOUNTS form (DROP, PLOP, or ERIP Rollover section) and return it to RSA-1 prior to termination of employment.

For information about your DROP distribution, read the ERS or TRS DROP Distribution brochure on our website or request it from either the ERS or TRS.

Tax Information

Tax Withholding

- Distributions are subject to the IRS withholding rules applicable to qualified plans.
- For lump-sum payments and partial lump-sum payments that are eligible for rollover distribution, federal law requires a 20% withholding.
- For periodic payments of less than 10 years' duration, the member will have 20% withheld for federal income tax as required by the IRS.
- For periodic payments of greater than 10 years' duration, the member may select the amount of federal tax they wish to have withheld from their monthly or annual disbursement.
- Generally, for payments to non-resident aliens, the IRS requires 30% withheld for federal tax.

Distribution

- Deferred income and investment earnings distributed from RSA-1 will be taxed to you or your beneficiary as ordinary income in the year of distribution. RSA-1 payments to you and your beneficiaries are reported on a Form 1099-R in the year of distribution. There is no penalty for early distribution from a Section 457 Deferred Compensation Plan such as RSA-1 regardless of your age at the time of distribution.
- For amounts deferred in 1996 and prior years, the principal and interest are subject to federal income tax upon distribution, while only interest is subject to state of Alabama income tax upon distribution.
- For amounts deferred in 1997 and years thereafter, the principal and interest are subject to federal and state of Alabama income tax upon distribution.
- Principal distribution from a DROP, PLOP, or ERIP rollover account is not subject to state of Alabama income tax.
