Emergency Medical Services Personnel Certification
Ala. Code §36-27-59(c)

Information

The provisions of *Ala. Code §36-27-59(c)* allow ERS or TRS members to purchase Hazardous Duty service credit for service as full-time certified firefighters, law enforcement officers, and corrections officers prior to January 1, 2001, or prior to October 1, 2024, for emergency medical services personnel.

This law provides eligible members with one year of additional retirement service credit for each five years of employment as a full-time firefighter, emergency medical services personnel, correctional officer, or law enforcement officer provided that the member remits to the RSA one percent of his or her current annual earnable compensation or the previous year's annual earnable compensation, whichever is higher.

The enhanced service may be purchased in increments of five years. If the total prior service is less than five years, it must be purchased in its entirety.

The additional retirement service credit provided under this law will be granted upon the member's attainment of the required number of years to qualify for service or disability retirement. The additional retirement service may **not** be used to meet the creditable service requirements for service or disability retirement.

A separate EMERGENCY MEDICAL SERVICES PERSONNEL CERTIFICATION *ALA. CODE §36-27-59(c)* form must be completed by each employing agency to which service under this act has been rendered.

Return the form with the Current Employer Certification and Prior Service Certification sections completed directly to the Retirement Systems of Alabama.

Please return completed form to:
