

Week 7 Update

The Legislature returned from Spring Break and completed the seventeenth and eighteenth legislative days of the Regular Session this week.

The House passed the ERS Tier II modification bill (HB264 by Rep. Ingram). The bill would modify ERS Tier II by allowing 30-year service retirement, allowing the conversion of sick leave to retirement credit, providing hazardous duty time for firefighters, law enforcement officers, and corrections officers ("FLC"), and increasing the regular employee contribution rate to 6.75% and the FLC employee contribution rate to 8%.
